Southward Thrust of Von  
Falkenhayn May Have  
Cut Off Rumanians

FATE STILL IS IN DOUBT

Bulgarians Report Destruction  
of Bridge Near Cora-  
bia and of Munitions  
Which May Indicate That  
Territory is Being Evac-  
uated By Valiant Ruma-  
nian Army[ASSOCIATED PRESS TELEGRAM]  
London, Nov. 23.—Latest reports  
of the vigorous campaign General  
von Falkenhayn is waging against  
the Rumanians indicate that the  
Teutonic forces are overrunning west-  
ern Wallachia, following up sharply  
their defeat of the Rumanians in the  
Jiu valley region and the cap-  
ture of Craiova.Berlin has reported progress for  
the Austro-German armies that are  
extending the Teutonic front west-  
ward from the Lul region towards  
Orsova. The fate of the Rumanian  
army that was operating in the Or-  
sova region yet remains in doubt, as  
does the extent to which the Russo-  
Rumanian forces in the Jiu valley  
were able to withstand the swift  
southward thrust of Von Falken-  
hayn's troops.No official statement by the Buch-  
arest war office has been received  
since Sunday and the Russian re-  
ports on the fighting in the Ruma-  
nian war theatre appear considerably  
bolated.Indications of the abandonment by  
the Rumanians of a large section of  
western Wallachia may be found in  
today's announcement by the Bul-  
garian war office. It reports the  
destruction by Rumanian forces of  
the bridge over the Danube near  
Craiova, 60 miles southeast of Crai-  
ova; the firing of stores of ammuni-  
tion there and the sinking by the  
Rumanians of their barges in the  
Danube, presumably in the region in-  
dicated.So far it appears that the entente  
forces, which captured Monastir have  
not been able to press their advance  
beyond the new line taken up by the  
Bulgarians and Germans north of  
the city. Sofia records the repulse  
of entente attacks in the bend of  
the Cerna and further eastward and  
the stopping of advance guards  
which were pushing forward in the  
regions of Lakes Presba and Orchida,  
to the west.Only artillery and aviation opera-  
tions along the Somme in northern  
France and elsewhere on the Franco-  
Belgian front are reported in today's  
bulletins from London and Paris.  
The British admiralty today con-  
firmed press advices that there were  
no wounded on board the British  
hospital ship Britannic when she  
was sunk in the Aegean Sea. Those  
on the vessel were her crew and the  
hospital staff.TROOPS WITHDRAWN.  
[ASSOCIATED PRESS TELEGRAM]  
Bucharest, Nov. 23, via London.—  
The Rumanian troops in the Jiu val-  
ley in western Wallachia, have been  
withdrawn and now occupy their old  
positions, the war office announced  
today.RUSSIA SENDS  
MORE TROOPS TO  
TRANSYLVANIA[ASSOCIATED PRESS TELEGRAM]  
Berlin, Nov. 23 (Wireless to Say-  
ville).—An attack by the British  
yesterday on the Somme front near  
Guedecourt and one by the French  
in the vicinity of St. Pierre Vaast  
wood were without success, it is  
announced officially.Fighting developed yesterday on  
the Russian front near Smorgon.  
The war office announced today that  
the Russians were repulsed.Russian reinforcements have ar-  
rived on the Transylvanian front.LIMA BUYS COAL  
AT \$2.75 A TON;  
MAY RETAIL IT[ASSOCIATED PRESS TELEGRAM]  
Lima, O., Nov. 23.—A municipal  
coal depot will be established to dis-  
tribute coal at cost to consumers  
providing legal authority can be  
found by the city solicitor. Mayor  
Simpson announced today. The city  
waterworks department today con-  
tracted for one thousand tons of  
rude mine coal at \$2.50 per ton,  
while local dealers are asking \$3.75  
for the same grade.MAY GET CITY MANAGER.  
Mt. Vernon, O., Nov. 23.—Follow-  
ing a discussion at the weekly noon-  
day luncheon of the Chamber of  
Commerce, a motion was adopted to  
refer to a committee, a proposition  
to investigate the commission form  
of government with a view of adopt-  
ing it for this city. Data will be se-  
cured from other cities operating  
under such a charter.SCORE ARE RESCUED.  
[ASSOCIATED PRESS TELEGRAM]  
Cleveland, Nov. 23.—Firemen and  
police used ladders in rescuing a  
score of persons, many of them wo-  
men and children, when fire broke  
out in the basement of the Allen-  
croft hotel, on Chester avenue, early  
this morning.PROMOTES UNDERSEA  
TRADE WITH TEUTONS

Captain Frederick Hinsch.

Captain Frederick Hinsch, agent  
of the North German Lloyd Steam-  
ship company, has been an active  
figure in promoting the undersea  
commerce between this country and  
Germany. He was in charge of the  
loading of the Deutschland at New  
London, and just escaped with his  
life when the submarine crashed into  
and sank the tug of the T. A. Scott  
Wrecking company, which was ac-  
companying the submersible on its  
dash to sea.

## RELATIONS

WITH GERMANY AGAIN BECOME  
COMPLICATED AS RESULT OF  
SUBMARINE WARFARE.Six Inquiries of American Govern-  
ment Remain to be Answered.  
—Ten Filed Recently.[ASSOCIATED PRESS TELEGRAM]  
Berlin, Tuesday, Nov. 21.—(Wire-  
less to the Associated Press, via  
Sayville, N. Y., Nov. 23).—A period  
of complications may again be im-  
pending in German-American rela-  
tions. Germany's conduct of sub-  
marine warfare has brought forth  
an abundant crop of American in-  
quiries, of which Joseph C. Grew,  
the American charge, recently has  
filed no less than ten—five of them  
today. Six remain to be answered.  
Including the cases of the Marina on  
which a number of Americans ap-  
pear to have been killed, and the  
liner Arabia, the sinking of which  
the American government declares  
appears to be inconsistent with the  
promises of the German government  
regarding the treatment of passen-  
ger liners.The United States bases its atti-  
tude in the case of the Arabia on  
the assumption that it was un-  
armed and torpedoed without warn-  
ing and is unable to see that there  
was adequate justification for forc-  
ing the passengers into the boats.  
Washington believes the submarine  
commander upon ascertaining that  
there were women and children on  
the decks, should have refrained  
from making an attack.Germany, in the four cases in  
regard to which replies already have  
been made was bound to have fairly  
convincing answers which it is be-  
lieved may put quite a different as-  
pect on affairs. It is pointed out  
here for example that according to  
testimony of her own passengers the  
Arabia was armed and used her can-  
non; that the sea was smooth and  
that other vessels were near. It is  
argued that the Arabia having on  
board a large number of coolie war  
workers, should be regarded as a  
transport.

DETAILS REFUSED.

[ASSOCIATED PRESS TELEGRAM]  
Washington, Nov. 23.—The word-  
ing of the Berlin dispatch that "a  
period of complications may be im-  
pending in German-American rela-  
tions" aroused much interest in of-  
ficial circles, especially as the dis-  
patch was allowed to pass a very  
strict censorship.Officials refused to disclose de-  
tails of the inquiries sent to Berlin  
on the ground that they were only  
inquiries for fact and would have a  
very bad effect on public opinion if  
an alarm were given only to be  
shown groundless.Many of the cases now being in-  
vestigated, it is admitted, may fail  
to develop any violation of Ger-  
many's pledges but some are known  
to be serious.  
In the Marina case American affi-  
davits seem conclusive but no action  
will be taken until Germany's reply  
has been received.Mail For America  
is Forwarded By  
Berlin Via Holland[ASSOCIATED PRESS TELEGRAM]  
The Hague, Nov. 23.—The mail  
for the United States aboard the  
Dutch channel steamer Koninkin  
Regents, which was seized by the  
Germans, taken into Zebrusse and  
sent to Berlin, was returned to its  
destination by way of England.  
The Associated Press learns from  
an official source that as far as  
could be ascertained the mail bags  
had not been opened.SCALED TO DEATH.  
Lima, O., Nov. 23.—As a result of  
a fall into a scalding water vat at  
the plant of the Lima Packing com-  
pany, August Reiff, 56, died last  
night.

## SANTA FE

Case Will Be Postponed Un-  
til Tomorrow by Agree-  
ment of Counsel

WILL COVER ALL POINTS

Attorneys Ask if Yester-  
day's Court Decision Can  
Be Made to Cover All Dis-  
puted Questions—May Be  
Necessary to Hear Other  
Cases to Get Certain Prop-  
osition Before Court[ASSOCIATED PRESS TELEGRAM]  
Kansas City, Mo., Nov. 23.—  
Counsel in conference over the Ad-  
amson law cases today agreed to re-  
quest that the Santa Fe case sched-  
uled to come up in the United States  
district court in Kansas City, Kan-  
sas, be postponed until tomorrow.The conference, it was stated, au-  
thoritatively, was as to whether the  
record of the cause of Missouri, Ok-  
lahoma and Gulf, appealed to the  
supreme court yesterday, could be  
made to cover the problems of all  
railroads or whether one or two ad-  
ditional test cases should be brought.Judge Pollock agreed to the pos-  
tponement.  
No one in authority could be  
found who would say whether or not  
the present case could be continued  
on the ground that it differed in es-  
sentials from the case already on its  
way to the highest tribunal in the  
land or whether this case, indicative  
of forthcoming action in numerous  
other cases throughout the country,  
will be allowed to rest on the decision  
in the Missouri, Oklahoma and Gulf's  
injunction proceedings. At-  
torneys for leading railroads who  
are here to witness the proceedings  
pointed out informally that the op-  
eration of the law varied in its ef-  
fect on different railroad systems,  
according to extent and local condi-  
tions and said that close study would  
be required to eliminate whether one  
case would develop the points affect-  
ing all railroads.A difference in the case heard yester-  
day and the one today was that the  
Missouri, Oklahoma and Gulf is in  
the hands of receivers under the  
direction of the federal court while  
the Santa Fe railroad is on indepen-  
dent agent.

SUIT IN CLEVELAND.

[ASSOCIATED PRESS TELEGRAM]  
Cleveland, Nov. 23.—The Pitts-  
burgh and Lake Erie railroad today  
filed suit in United States district  
court here attacking the Adamson  
eight-hour law, making District At-  
torney Wertz and heads of the four  
railroad brotherhoods defendants and  
asking that they be enjoined from  
instituting suits to punish violations  
of the law.

ONE IN CINCINNATI.

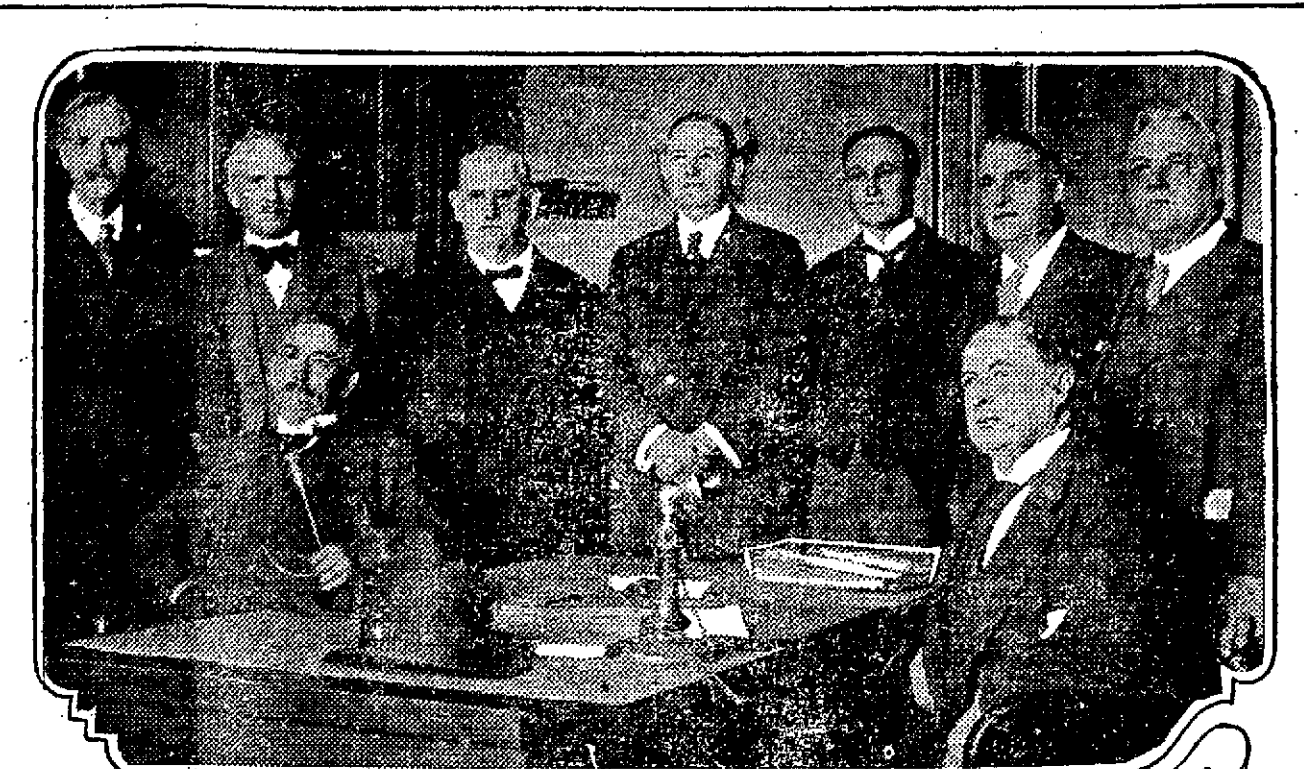

[ASSOCIATED PRESS TELEGRAM]  
Cincinnati, Nov. 23.—The Cincin-  
nati, New Orleans and Texas Pacific  
railroad today filed suit in the  
United States district court here ask-  
ing that an injunction be granted  
against United States District At-  
torney Bolin and thirteen others from  
enforcing the so-called Adams act.  
The heads of the four railway brother-  
hoods are included in the suit.

FIRST MEETING HELD.

[ASSOCIATED PRESS TELEGRAM]  
New York, Nov. 23.—The Adam-  
son law commission appointed by  
President Wilson to investigate the  
operation of the act, held its first  
meeting here today and conferred  
with more than a dozen railroad  
executives for the announced pur-  
pose of discussing with them in-  
formally the methods to be used in  
the investigation. The commission  
will hold a similar conference with  
the heads of the railroad brother-  
hoods at a later date.Germany Boosts  
Levy On Belgium  
to Feed the Army[ASSOCIATED PRESS TELEGRAM]  
London, Nov. 23.—The German  
levy on Belgium has been increased  
from 40,000,000 marks a month to  
50,000,000 according to a Reuters  
Amsterdam dispatch quoting the  
Echo Belge. The dispatch says the  
new order was issued by the gov-  
ern-general of Belgium and was  
signed by the duke of Wurtemberg  
and General Friedrich von Falken-  
hausen. It states that the levy is to  
pay the cost of maintenance of the  
German army of occupation and the  
German administration of the occu-  
pied territory.

TWO SHIPS SUNK

BY SUBMARINES.

[ASSOCIATED PRESS TELEGRAM]  
London, Nov. 23.—The British  
ship Grenada is reported sunk, says  
announcement by Lloyds shipping  
agency today.  
The sinking of the Norwegian  
steamer City of Mexico is announced  
by the agency.The City of Mexico, of 1,511 tons  
gross, was last reported to have ar-  
rived at Nantes on October 27 from  
Hull.The British four master bark Gren-  
ada of 2,268 tons gross arrived at  
Havre on Sept. 25, according to  
shipping records, bound for New  
York and Australian ports.JOINT CONGRESSIONAL COMMITTEE STUDIES RAILWAY PROBLEMS;  
QUESTION OF GOVERNMENT OWNERSHIP RECEIVES CONSIDERATION

Joint congressional committee in session. Seated: Representative Adamson (left) and Senator Newlands. Standing, left to right: Senator Cummins, Representatives Hamilton and Sims, Senators Underwood, Robinson and Brandegee and Representative Esch.

Senator Newlands sprung a surprise at the opening session of the joint committee of congress appointed to consider conditions relating to interstate and foreign commerce when he declared that the whole railroad wage question will be investigated by the committee, as well as the advisability of government ownership in place of government control. The committee must report to congress on January 8.

## MUNITIONS

IN DAYTON PLANT DESTROYED,  
—SEVERAL HUNDRED THOUS-  
AND DOLLAR LOSS.Electric Wire Drops Into Pan of  
Oil and Fire Spread Rapidly  
—Employees Flee.[ASSOCIATED PRESS TELEGRAM]  
Dayton, O., Nov. 23.—Property  
loss estimated at several hundred  
thousand dollars is believed to have  
been sustained in the fire which de-  
stroyed two buildings of the Manu-  
facturers Production company, a war  
munition plant in the east end of  
the city and partly damaged a third,  
early last night. The walls of the  
buildings were standing today but  
the equipment is considered a total  
loss. Seven thousand shells in one  
of the buildings are a complete loss.  
Four carloads of completed stock  
were destroyed of the company's  
private tracks and several carloads  
were pulled out to safety. The fire is  
believed to have originated from a  
live electric wire falling into a pan  
of oil following a short circuit in  
one of the electric light sockets.Several hundred employees of the  
night shift had to hurry to escape  
with their lives, so rapidly did the  
blaze spread. The company's build-  
ings had not been erected for any  
great length of time. War munition  
for English and Russian govern-  
ments were being turned out at the  
plant.The blaze was one of the most  
spectacular ever witnessed here and  
rumors of incendiary origin were  
spread early in the evening. These  
rumors were subsequently denied by  
company officials. This is the first  
disastrous fire which has broken out  
among local munition plants of  
which there are about a half dozen  
in the city.GALLIPOLIS BANK  
GETS WATER BONDS  
AT JOHNSTOWNJohnstown, O., Nov. 23.—The vil-  
lage council yesterday opened bids  
in the office of Mayor Needles for  
\$2,000 worth of five per cent water  
works bonds. There were several  
bidders. The First National bank of  
Gallipolis, O., being the highest, their  
bid being \$30 premium and accrued  
interest. The Gallipolis bank was  
awarded the bonds.NEW COAL FIELD  
WILL BE OPENED  
IN GALLIA COUNTY[ASSOCIATED PRESS TELEGRAM]  
Gallipolis, O., Nov. 23.—Coal cir-  
cles in Gallia and Meigs counties are  
showing much activity at present.  
Pittsburgh capitalists have just tak-  
en over the Willard Coal field near  
Racine, comprising 8,000 acres of  
undeveloped coal lands. A trolley  
cost \$25,000 will be built and the  
Hocking valley railway will be ex-  
tended from Pomeroy to the new  
coal field.COLUMBUS GETS  
1917 DAIRY SHOW:  
NEED NEW QUARTERS.[ASSOCIATED PRESS TELEGRAM]  
Columbus, Nov. 23.—Columbus  
is to have the 1917 national dairy  
show, it was announced today. If  
suitable quarters for the housing of  
the great show are provided. At  
present Columbus has no place of a  
suitable nature that is large enough  
for the national exposition and plans  
are being considered today for pro-  
viding a coliseum that will meet the  
needs of the show. Columbus was  
chosen over the invitation of many  
other large cities.TURKS MASSACRE  
5,000 ARMENIANS  
SIVAS, TURKEY.[ASSOCIATED PRESS TELEGRAM]  
London, Nov. 23.—A newspaper at  
Baku in Transcaucasia says Reuters  
Petrograd correspondent in a dis-  
patch today, states that the Turks  
have massacred 5,000 to 6,000 Ar-  
menians at Sivas, Turkish Armenia.DOCTORS FAVOR  
STATEWIDE PLAN  
TO STOP CANCER[ASSOCIATED PRESS TELEGRAM]  
Columbus, Nov. 23.—A statewide  
movement to prevent cancer, similar  
to the anti-tuberculosis movement,  
has been started in Ohio, it was  
learned today, following a meeting  
held here yesterday by physicians  
from many parts of the state. It  
was reported that at least 5,000  
deaths are caused every year in Ohio  
and that many of these could have  
been prevented had the disease been  
recognized as cancer earlier.Dr. Joseph Ransohoff, of Cincin-  
nati, chairman of the Ohio commit-  
tee of the American Society for the  
Control of Cancer, presided at the  
meetings.DEFENDS ACTION  
GIVING LICENSE  
TO AKRON SALOON[ASSOCIATED PRESS TELEGRAM]  
Columbus, Nov. 23.—Replying to  
criticism made by Wayne B. Wheel-  
er, general counsel of the Anti-  
Saloon league of their action in  
granting saloon licenses to two  
saloons in the vicinity of the Good-  
year Rubber company at Akron, a  
state liquor license commissioners  
denied they had adopted any general  
policy of "planting" saloons in vicin-  
ities of industrial plants and justifi-  
fied their action in the Akron cases  
by saying these saloons were lo-  
cated where they are long before  
the rubber company started.M. M. Rouse, member of the  
state commission further said that  
testimony in these cases showed that  
the welfare department of the Good-  
year company had directed minors  
employed in the factory to go to the  
saloons at the rush hour at noon  
and buy liquor and had paid their  
expenses in the hope of getting their  
licenses rejected. He also declared  
that the Goodyear company was seek-  
ing to buy the Krumreich property,  
one of the saloons rejected."There isn't a reviewing court in  
the land that would have sustained  
the rejection of these licenses on  
the evidence presented," said Rouse.RAIN PROVIDES SOFT  
WATER WHEN SUPPLY  
OF SODA ASH FAILS.[ASSOCIATED PRESS TELEGRAM]  
Columbus, Nov. 23.—Columbus  
was today temporarily saved from  
using hard water by a continued  
rain. Had there been no rain the city  
would have been forced to use water  
that had not been softened in any  
way, as there is a shortage at the  
city filtration plant of soda ash,  
which is used in the softening pro-  
cess. It was explained at the plant  
that the soda ash cannot be purchas-  
ed at any price.The soda ash industry at Akron,  
where Columbus has been getting its  
supply is practically closed down on  
account of the coal shortage. It  
was explained that the dry season  
has required the use of large quan-  
tities of the softening compound,  
very little of which is needed in or-  
dinary times.TURKEY DINNER  
FOR NORWALK BOYS  
ALONG THE BORDER.[ASSOCIATED PRESS TELEGRAM]  
Norwalk, O., Nov. 23.—Business  
men of this city are raising a fund  
to buy a Thanksgiving day dinner  
for members of Company G, Fifth  
regiment, composed of local youths,  
now on the border.

GRAIN STANDARD.

[ASSOCIATED PRESS TELEGRAM]  
Pittsburgh, Nov. 23.—Prepara-  
tions are being made to open the  
local grain standard headquarters to  
be established here by the United  
States department of agriculture.  
Laboratory necessary in connection  
with the work are under construction  
and will be finished by Decem-  
ber 1. The Pittsburgh office will  
have supervision over more than  
160 counties in Pennsylvania, Ohio,  
West Virginia and Maryland.

## PROGRESS

IN ECONOMIC PREPAREDNESS  
SHOWN BY AMERICAN CITIES  
SAYS LEAGUE SECY.Modern Systems of Budgets and  
Reports Adopted — 506 Cities  
Have Non-Partisan Officials.[ASSOCIATED PRESS TELEGRAM]  
Springfield, Mass., Nov. 23.—Re-  
cent years have shown marked pro-  
gress in economic preparedness among  
American municipalities, says Clin-  
ton Rogers Woodruff, secretary of  
the National Municipal League, in  
his report to the annual meeting of  
the organization here today. He  
took for his subject "municipal pre-  
paredness.""Greater New York the premier  
city of the new world," and possibly,  
as a result of the great war, now of  
the whole world, has appropriately  
assumed leadership which can be  
wisely followed by other cities," de-  
clared Mr. Woodruff. "In finance  
and economy during the several  
years the fusion administration has  
been in office, there has been a grad-  
ual change from the previously ex-  
travagant method of financing, by  
the issuance of fifty year bonds,  
known as corporate stock bonds, to  
defray the cost of improvements of  
a temporary character.""Philadelphia is another city that  
is making a substantial contribution  
to financial preparedness.  
"Other cities all over the land are  
overhauling their accounts, estab-  
lishing modern reports and budgets  
and giving to their finances, both  
present and future, a measure of  
prudent consideration that a genera-  
tion ago would have been regarded  
as academic if not idealistic.""To those who maintain that par-  
ties are ineffectual in a city, one  
should point out that today nearly  
500 American municipalities have  
eliminated party designations from  
their ballots as have cities like Bos-  
ton, Pittsburgh, Seattle, San Fran-  
cisco and Los Angeles, and while the  
disappearance of the party name  
does not invariably imply the disap-  
pearance of the party's spirit, it has  
nearly always been followed by a  
diminution of it, in many cases to  
a negligible quantity."RUMORED CLASH  
OF REBEL TROOPS  
WITH CARRANZABrownsville, Texas, Nov. 23.—Car-  
ranza troops and followers of Felix  
Diaz have clashed 100 miles south  
of Matamoros, according to rumors at  
American army headquarters here  
today. Details were lacking and  
many officers were inclined to give  
little credence to the rumors.THIRD DEATH IN  
ONE FAMILY SINCE  
FIRST OF MONTH.Columbus, Nov. 23.—Death once  
more has invaded the family of  
Mark H. Purdy of this city. Miss  
Ruth Purdy, aged 16, died last eve-  
ning at Mt. Carmel Hospital from a  
complication of diseases. Her father  
died Oct. 21, and 24 hours after his  
burial her sister, Miss Inez Lillian  
Purdy, aged 18, succumbed.The mother is the only surviving  
member of the family and it is re-  
ported her condition is failing with  
continued grief.  
Mrs. Emma Gardner, aged 58, of  
Mt. Vernon, grandmother of the  
dead girl, is reported to be in a crit-  
ical condition and her recovery is  
not expected.The body of Miss Ruth Purdy was  
removed to the private morgue of  
the Mt. Vernon Undertaking Co.POLICE SEARCH FOR  
WOUNDED ROBBER  
DETECTIVE SHOT HIM.Cleveland, Nov. 23.—Police today  
were searching for a wounded car  
robber, carried away from the scene  
of a gun battle on the New York  
Central railroad tracks early this  
morning. Railroad detectives sur-  
prised the robbers at work and de-  
clared they were certain one of their  
bullets struck one of the fleeing men.

Is Secured

TAKES OVER GOVERNMENT

Proclamation Declares In-  
tention to Secure Peace  
Which Will Assure Exist-  
ence and Development of  
Monarchy—Aim of Coun-  
try Has Not Yet Been  
Reached[ASSOCIATED PRESS TELEGRAM]  
London, November 23.—Emperor  
Charles of Austria has issued a pro-  
clamation to the Austro-Hungarians  
declaring his inflexible decision to  
maintain the war until "a peace as-  
suring the existence and the develop-  
ment of the monarchy," according to  
a Vienna dispatch to Reuters by way  
of Amsterdam. The dispatch says the  
proclamation was printed in a special  
edition of the Wiener Zeitung togeth-  
er with an autograph letter address-  
ed to Premier Koerber. The letter  
announced that the new monarch  
had taken over the government and  
confirmed the premier in his present  
functions. After paying homage to  
the late emperor, the proclamation  
said:"I will continue to complete his  
work. I ascend his throne in a  
stormy time. Our aim has not yet  
been reached, and the illusion of an  
enemy to throw down the monarchy  
and our allies is not yet broken. You  
know me to be in harmony with my  
people in my inflexible decision to  
continue the struggle until a peace  
assuring the existence and develop-  
ment of the monarchy is obtained. I  
will do all in my power to banish as  
soon as possible the horrors and sac-  
rifices of war and to re-obtain peace  
as soon as the honor of our arms,  
the conditions of life of my coun-  
tries and their allies, and their de-  
fiance of our enemy will allow."THIS SETTLES IT:  
BEST WISHES FROM  
HUGHES TO WILSON[ASSOCIATED PRESS TELEGRAM]  
Washington, Nov. 23.—President  
Wilson today sent a telegram to  
Charles E. Hughes, acknowledging  
his message of congratulation re-  
ceived last night.The President's telegram said: "I  
am sincerely obliged to you for your  
message of congratulation. Allow  
me to assure you of my good wishes  
for the years to come."President Wilson was at a theatre  
with Mrs. Wilson when the telegram  
from Mr. Hughes reached the White  
House and did not know of it until  
he returned.In his telegram Mr. Hughes said:  
"Because of the closeness of the  
vote I have awaited the official  
count in California and now that it  
has been virtually completed permit  
me to extend to you my congratu-  
lations upon your re-election. I desire  
also to express my best wishes for a  
successful administration."After the president had telegraph-  
ed to Mr. Hughes, the White House  
made public several thousand tele-  
grams of congratulations from citi-  
zen members, governors of states,  
Democratic leaders in practically ev-  
ery state and from the presidents of  
several Latin-American republics. No  
messages were received from any of  
the belligerent nations.Replying to the congratulations of  
the cabinet the president said:  
"One of the best things about the  
result is that it means four more  
years of active association in public  
service and in that we are genuinely  
rejoiced."This was taken by come to fore-  
cast an invitation from the president  
to the members of the cabinet to re-  
main in office.Former Secretary Bryan tele-  
graphed:  
"I am proud of the west, including  
Nebraska. The states beyond the  
Missouri have rallied to your support  
and saved the day and in doing so  
have honored themselves no less than  
you. You have been largely bene-

# EMPEROR'S DEATH WON'T AFFECT THE WAR, PAPERS SAY

(ASSOCIATED PRESS TELEGRAM)  
London, Nov. 23, 2:32 A. M.—The editorials in the morning newspapers today concur in the view that the death of Emperor Francis Joseph and the accession of a new monarch will not materially affect the course of the war.

"The future of Austria Hungary," says the Morning Post, "was never darker or more foreboding. Whatever the outcome of the war she stands to lose. Even if the central powers avoid a decisive defeat she will remain a vassal of Germany, in fact, if not in name."

Although Emperor Francis Joseph is recognized by the editorial writers to have been personally friendly to Great Britain and the tragedies of his reign are sympathetically recalled, today's estimates of his achievements and his personality are not flattering.

"Beyond his devotion to the dynasty and his desire to transmit his possessions undiminished to his successor," says the Times, "he seems to have had no positive purpose. Throughout life he groped in the dark toward the line of least resistance and ended by involving himself, his family, his dominions and his objects in a catastrophe the like of which the civilized world has not seen."

The Daily Chronicle says: "Behind the divinity which came to be ascribed to him remained what he always had been, a man of cruel, crooked, cave-mead and misanthropic mind."

The Daily Telegraph says: "His star has set in the horizon of a confusion in which the fortunes of the Hapsburgs may well finally be engulfed. This is not the moment to allow his exact responsibility for the unpardonable crime of the war, but future agents, with the advantage of cooler judgment, will not, we think, estimate less sternly than we the guilty record of one of the arch malefactors of Europe."

## GERMAN COMMENT.

(ASSOCIATED PRESS TELEGRAM)  
Berlin, via London, Nov. 23.—All the Berlin newspapers appear with mourning borders today in respect to the memory of Emperor Francis Joseph of Austria and print eulogistic articles on the late monarch. The Tageblatt says:

"His life's task was done when it was ordained that to him, who had seen generations of statesmen and princes pass away, should be given the most grievous fate to bear. The test of his life has been furnished by the world war in which all have been for decades watching their prey, openly and secretly, from beyond Austria's border. The test was passed brilliantly. The social fabric of this heterogeneous empire evinced

# DON'T NELLEGT KIDNEYS

Swamp-Root, Dr. Kilmer's Prescription, Overcomes Kidney Trouble.

It is now conceded by physicians that the kidneys should have more attention as they control the other organs to a remarkable degree and a tremendous amount of work in removing the poisons and waste matter from the system by filtering the blood.

Two kidneys should receive some assistance when needed. We take less exercise, drink less water and often eat more rich, heavy food, thereby forcing the kidneys to do more work than nature intended. Evidence of kidney trouble, such as lame back, aching bladder, troubles, smarting or burning, brick-dust or sediment, sallow complexion, rheumatism, maybe weak or irregular heart action, warns you that your kidneys require help immediately to avoid more serious trouble.

An ideal herbal compound that has had most remarkable success as a kidney and bladder remedy is Dr. Kilmer's Swamp-Root. There is nothing else like it. It is Dr. Kilmer's prescription used in private practice and it is sure to benefit you. Get a bottle from your druggist.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Birmingham, N. Y., for a sample bottle. When writing be sure and mention the Newark Daily Advocate.

The Tagliche Rundschau says: "Austria's aged guardian and leader has not done before he knew that Austria's future was safe. With infinite patience and care he watched over the future liberating itself from what seemed a deadly peril. He passed away only when fresh confidence in the future has arisen for his country. Austrians, Hungarians and Germans bow unitedly before his bier."

A similar note is struck by the Deutsche Tages Zeitung, which says: "If it has not been granted to the emperor to see the day of final victory, yet the latter part of his life was brightened by the conviction that the empire he had ruled under so many changes of fate had proved its vitality."

# POTATOES BURN WHEN FARM HOME WAS DESTROYED

The farm residence of Philip Benear was destroyed by fire Tuesday evening. Mr. Benear who lives at 55 Columbia street, Newark, occupied the house when working on his farm here, and had gone out a short time before the fire was discovered by some teamsters who were going by. About 20 bushels of potatoes were in the cellar, ten of which were saved, together with some of the other contents of the house. A crowd of people soon collected but it was too late to save the building. The fire is supposed to have caught from a stove in the kitchen. The insurance had expired a few days before.

The C. E. C. club was entertained on Saturday afternoon at the home of Misses Arlie and Edith Reynolds. Four members and one guest, Mrs. Etta Jones, were present. The attendance of other members was prevented by illness, barn doors that wouldn't open, and a congestion of household duties. We hope these obstacles may be overcome and the next meeting better attended.

The Willing Workers Bible class of the Eden Church of Christ, was entertained at the home of their teacher, Mrs. Della Harris, in Martinsburg road, Sunday. The girls who were present were Pearl and Edith Harris, Sarah Ferris, Edith Edickreek, Blanche Wilkin, Minnie Penick, Marie Blake, and Lena Harris. The assistant teacher of the class, Mrs. Henry Oldaker, and Miss Elsie Taylor assisted the hostess in serving a delicious four course dinner.

Messrs. Ira Rice and William Baughman helped Ben Lewis and family to move to their new home near Lock, last week.

Miss Sarah Romine and Mr. Fred Vermillion of Black Hand, spent Sunday at the home of the former's sister, Mrs. Will Harris.

James Oldaker has received word that his son-in-law, Carl Berger, who was badly injured by the accidental discharge of a shotgun in the hands of his young son, has been removed from the city hospital to his home. The full load of shot penetrated his hips and inflicted a frightful wound from which it was thought at first he could not recover.

Mr. and Mrs. Guy Harris of near Erica, spent Tuesday with the former's brother, Will Harris, and wife. Mrs. Louisa Young of Lake Crystal, Minn., has come to spend a year with her brother, Elisha Mills, and other friends in Ohio.

Mr. and Mrs. Homer Van Wey and little son, Wayne, visited friends in Henry county last week.

Mrs. Frank Wilkin is ill with pneumonia.

Mrs. Dix of Mt. Gilead was called here by the illness of her son, Frank Dix, at the home of his father-in-law, Wesley Neighbarger. Mr. Dix was threatened with pneumonia but its development has been checked.

The C. W. B. M. of the Eden Church of Christ held a meeting at the home of Mrs. Della Harris, last Thursday. Ten members were present. An election of officers was had and they voted to retain the same officers. The next meeting will be Dec. 3 at the church.

Mrs. Dush of St. Louisville spent part of last week at the home of her son, Frank Dush.

Mrs. Hamilton had the misfortune to fall and badly sprain her ankle, while visiting at the home of her son, Samuel Hamilton, last week.

Mrs. Will Harris is visiting friends at Black Hand.

Mrs. Amanda Chilcott and daughter of Fredonia, were guests at the home of the former's nephew, Ray Chilcott, last week.

# JACK LONDON, WRITER, DEAD AT RANCH HOME

(ASSOCIATED PRESS TELEGRAM)  
Santa Rosa, Cal., Nov. 23.—The fact that Jack London, the author who died last night at his Glen Ellen farm near here, spent his last conscious evening in writing, caused his intimate friends to discuss today his unusual capacity for work, especially in recent years.

London complained of indigestion when he went to bed Tuesday night but notwithstanding, during his last

JACK LONDON.

conscious hours, sat propped up in bed writing a short story. His physician attributed death to a "gastro-intestinal type of uremia."

The body will be taken to Oakland Friday for burial in the family plot. London died at his Glen Ellen, Cal., ranch near here at 7:45 o'clock last night, a victim of uremic poisoning. London was taken ill Tuesday night and was found unconscious early yesterday by a servant who went to his room to awaken him.

From the time London was found he did not regain consciousness. About midday he seemed to rally, but later suffered a relapse and sank rapidly until the end came.

Besides his sister, Mrs. Shepard, London is survived by a daughter, who is a student at the University of California; his mother, who lives in Oakland, Cal., and his widow, Charmon London. Mrs. London was with her husband when death came.

London would have been 41 years old Jan. 12.

Mr. and Mrs. London recently returned from a sojourn of several months in the Hawaiian Islands.

In 1906 London built a 55-foot yacht, the Shark, in which, during 1907-1909, he cruised the South Sea. His life was strenuous, and many of his books, particularly "John Barleycorn," were popularly accepted as autobiographical experiences.

London's body will be cremated in Oakland tomorrow at noon. Only near relatives will be present.

Mrs. Charmon London, the widow and Mrs. Eliza Shepard, a sister will leave the London farm at Glen Ellen tomorrow morning. At Oakland the funeral cortege will be joined by two young daughters, Bessie and Joan London, and their mother, from whom the author was divorced ten years ago.

# Soldier's Family In Dire Distress Appeals For Aid

(ASSOCIATED PRESS TELEGRAM)  
Freemont, O., Nov. 23.—Mrs. Tom Jenkins, wife of a private in Company K, Sixth regiment, now at the border, has made appeal for aid for herself and three little children. Safety Director Moore, who investigated the case, says the family is on the verge of starvation. When his company first went to the front, Jenkins left the command without leave and was held for desertion. He said he desired to return home and support his family.

# High School Girl Was Kidnaped is Mother's Belief

(ASSOCIATED PRESS TELEGRAM)  
Cleveland, Nov. 23.—That Nathalie Salmon, 16, student at East high school, has been kidnaped and is being held in this city is the belief of the girl's mother and police who have been searching for the girl since her mysterious disappearance from her home Wednesday morning.

The girl left home for school Wednesday morning. When she did not return home for lunch, the mother called the school building and learned she had not appeared in the morning. Police were immediately notified and a search started, which was continued today.

# A Sure Way To End Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

# SMOKE POURED FROM WINDOW; CAME FROM FLUE

Smoke from a wood fire in the T. M. Edmiston book store, in West Park Place, early this morning, escaped from the chimney through an opening in the Red Men's lodge room and permeated the building. Pedestrians on the square saw the smoke pouring from all parts of the building and turned in an alarm.

When firemen from Central station arrived they thought the building was doomed and made hurried preparations for a hard fight to prevent the buildings adjacent from being consumed. After lines had been carried into the building, the firemen discovered that the smoke was pouring from an opening in the chimney in the lodge room on the third floor of the structure.

This is the second time within a period of two weeks that alarms have been sent in from the vicinity of the Edmiston store, and each time it was the odor of wood smoke that caused the alarm.

# STOLEN FROM DRIVER OF EXPRESS TRUCK.

(ASSOCIATED PRESS TELEGRAM)  
Chattanooga, Tenn., Nov. 23.—Police throughout the south were searching today for two men alleged to have stolen \$40,000 in currency from a Southern Express company motor truck here last night.

Although the robbery occurred in the center of the business district, detectives so far have found no clue. The money was being shipped by Chattanooga banks to various southern cities. The driver of the truck says two well dressed men climbed aboard his machine in the railroad yards and held him at the point of revolvers. Sixty thousand dollars was left untouched.

Fred Corneilson, driver of the truck was detained at police headquarters during the night by detectives who said they wished to question him further.

# 18-YEAR-OLD BOY HELD FOR VIOLATION OF MANN STATUTE.

(ASSOCIATED PRESS TELEGRAM)  
Columbus, Nov. 23.—One of the youngest prisoners ever held by the government on a charge of violating the Mann act, is Charles McKinney, aged 18, now in the Franklin county jail, awaiting the action of the federal grand jury. The youth was arrested yesterday at Jackson, which is close to his home, Oak Hill. He is charged with having removed from the state two girls, whose home are near Oak Hill, and who are about 13 years old, each.

McKinney was arrested by Deputy United States Marshal Larry Doyle. He told him the girls coaxed him to run away with them. During a chase given by the father of one of the girls, McKinney and the two girls got off the train, and walked across country, sleeping in the open, and going wherever they could beg anything.

## MAKING IT PLAIN

The Pure Food and Drug Laws aim to protect the public by preventing mis-statements on the labels of preparations but some people continue to accept "extracts" of cod livers thinking they will get the benefits of an emulsion of cod liver oil.

The difference is very great. An "emulsion" contains real cod liver oil, which has had the hearty endorsement of the medical profession for many years, while an "extract" is a product which contains no oil and is highly alcoholic.

Scott's Emulsion guarantees the highest grade of real Norwegian cod liver oil, skilfully blended with glycerine and hypophosphites. Scott's is free from the false stimulations of alcohol and is endorsed by good physicians everywhere.

## Resinol Surely Heals Sick Skins

When you know physicians have prescribed Resinol for over 20 years in the treatment of eczema and other itching, burning, unsightly skin eruptions, and have written thousands of reports saying: "It is my regular prescription for itching," Resinol has produced brilliant results. "The result it gave was marvelous in one of the worst cases of eczema," etc., etc., doesn't it make you feel, "This is the treatment I can rely on for MY skin-trouble?"

When Resinol Ointment touches itching skins, the itching usually stops and healing begins. With the aid of Resinol Soap, it almost always clears away eczema, ringworm, pimples, or other distressing eruption quickly, leaving the skin clear and healthy. Sold by all druggists.

Use Resinol Soap regularly and you will be astonished to find how quickly it soothes and cleanses the pores, and leaves the complexion clear and fresh.

## Knocks Obsolete Coughs in a Hurry

A Simple Home-Made Remedy that Gets at the Cause.

Thousands of people normally healthy in every other respect, are annoyed with a persistent hanging-on bronchial cough year after year, disturbing their sleep and making life disagreeable. It's so needless—there's an old home-made remedy that will end such a cough easily and quickly.

Get from any druggist "2 1/2 ounces of Pinex" (50 cents worth), pour it into a pint bottle and fill the bottle with plain granulated sugar syrup. Begin taking it at once. Gradually but surely you will notice the phlegm thin out and then disappear altogether, thus ending a cough that you never thought would end. It also promptly loosens a dry or tight cough, stops the troublesome throat irritation, soothes the inflamed membrane that lines the throat and bronchial tubes, and relief comes almost immediately. A day's use will usually break up an ordinary throat or chest cold, and for bronchitis, croup, whooping cough, and bronchial asthma, there is nothing better. It tastes pleasant and keeps perfectly.

Pinex is a most valuable concentrated compound of genuine Norway pine bark, combined with quinine and is used by millions of people every year for throat and chest colds with splendid results.

To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with full directions and don't accept anything else. A guarantee of absolute satisfaction or money promptly refunded goes with this preparation. The Pinex Co., St. Wayne, Ind.

## XMAS DISPLAY DAY IN NEWARK DECEMBER 5TH

Tuesday, December 5, is "Christmas Display Day" among the merchants of Newark and marks the beginning of the "Shop Early and at Home" campaign under the auspices of the Mercantile Bureau of the Chamber of Commerce.

Chairman Hermann of the Mercantile Bureau is asking the merchants to co-operate in making it attractive for the public to purchase holiday gifts as early in the month as possible, thereby offering a better selection, insuring better service on the part of sales forces and affording merchants opportunities to place special orders for articles not carried in stock.

In former days it was the custom to put off holiday shopping until the last week or so. The result was very unsatisfactory, both to patrons and merchants. Sales forces were not kept busy during the early weeks, and were rushed to death in the few days preceding Christmas. There has been a remarkable change in Christmas shopping in the past few years. American women, who make more than eighty per cent of the purchases of American households, now begin their selections months ahead in many instances and the holiday shopping season is in full blast during the first week in December.

Chairman Hermann wishes to remind merchants that a month from today marks the close of the holiday shopping season, therefore it behooves them to join with the bureau in introducing methods that will bring out the public for early buying.

The Mercantile Bureau, and the Grocers' Association will attend in a body the motion picture story, "The Troubles of a Storekeeper," to be shown Monday night, December 4, in Taylor Hall, Y. M. C. A. Admission will be free, but by ticket only. Tickets can be obtained at Chamber of Commerce headquarters. Special screens will be exhibited at the show calling attention to the "Shop Early and at Home" campaign in an effort to give it an impetus.

The bureau urges merchants to begin their Christmas advertising campaigns at the earliest moment and to insert in their copy pleas for early buying on the part of Newark and Licking county patrons.

## MURDER TRIAL ATTRACTS JURISTS AND ATTORNEYS

(Associated Press Telegram) Georgetown, O., Nov. 23.—Before a densely packed crowd in the court room where the Wahl-Sanders murder trial has been staged, Attorney Darby for Leonard Sanders, today began his plea for the release of Sanders.

In the court room assembled for the climax of the trial were several judges and prosecutors from other counties of Ohio and may legal stars of Cincinnati.

Sanders' attorney started with detailed answers, categorically arranged to the points raised by the state and when he had gone over these paragraphs he began his theories and explanations. It was near noon when he finished. Prosecutor Morrow in the states last assault concluded for the prosecution. Sanders is accused of having shot and killed Henry Wahl. Both sides have presented testimony showing that Sanders and Mrs. Wahl had loved each other. Sanders on the stand has denied the shooting and the evidence was wholly of a circumstantial nature.

## Seeks Widow Or Heirs of Soldier, Joseph M. Drake

London, Nov. 23.—Press dispatches from Athens saying there were no wounded on board the hospital ship Britanic when it was sunk off the Greek coast, were confirmed today by the admiralty, which made the following comment: "No wounded aboard the Britanic on which there were only the ship's crew and the ship's staff."

## NEBRASKA POLICE BELIEVE THEY HAVE CROKES IN CUSTODY.

Spaulding, Neb., Nov. 23.—A man, who the town marshal believes, answers the description of Joan Crones, wanted in Chicago on charges of having poisoned soup served at a banquet tendered there in honor of Archbishop Mundelein, is under arrest here.

About 200 persons attended the Chicago banquet and most of them were made ill. Crones is accused of having poisoned the soup in furtherance of anarchistic ideas.

## SONG OF THE GLAD FOLKS

By FRANK L. STANTON.

I reckon the folks'll enjoy the Thanksgiving— So many of 'em are glad that they're livin'.

Here, in a world that's so happy, no skies Beam any brighter than Love's sparklin' eyes.

Day time or night time, They're findin' the bright time, An' any time Love comes is always the right time.

TELLING YOU STILL, TO COME TO THE TABLE BY VALLEY AND HILL.

With the fields sayin' "Plenty," an' tellin' you still

To come to the table, by valley and hill,

An' the winds singin' Joy-as they're sweepin' along, I reckon we're here for a Thanksgivin' song.

So, day time or night time, We're reapin' the bright time, An' any time Love comes is always the right time.

—Atlanta Constitution.

## Not Essentially American.

Our American Thanksgiving is usually considered our one native contribution to the holidays of nations, as its observance originated with the New England fathers. Perhaps the fathers themselves liked to think of it in this originative way and so wished it perpetuated—as something that had flowered on the bleak rock of their personal struggle. It was to be peculiarly their day, peculiarly a heroic New England day, an American day. So in a sense it is; so in a sense it is not. Essentially our American Thanksgiving is least American of our holidays, for the simple reason that it is too human to be merely American. There were no most human things left for the New England fathers to originate. They are immemorially older than this country. There are no original ways of expressing gratitude. All the pathways of thanksgiving are very old paths.—James Lane Allen in Munsey's Magazine.

## "I THANK THEE, LORD."

I THANK thee, Lord, for every moment dropped Into my life that had some sweetness in it; For all the golden hours when friendship met And gave up heart for heart and thought for thought; For all the love that faithful hearts let fall To drop into mine own; for every look From loving eyes; for every smile or word That gladdened me; for subtle influence That made me strong, dear Lord, I thank thee.

I thank thee, Lord; I thank thee for the hours When flowed my tears; When fell those grief wrong drops On lips that murmured, "Lord, thou knowest best." For all the love born sorrow, hidden pain; For all the cares and burdens of my life (For, glad or sad, thou givest for the best); For all the strength thou gavest me to bear, Dear Lord, I thank thee.

## WOMEN PREPARE HOSPITAL NEEDS FOR WAR ZONE

The following appeal for aid for the French wounded, has been issued by the Newark Branch, American Fund for French Wounded:

Last Friday at the Y. M. C. A. was held the first meeting for work of the Newark branch of the A. F. F. W. a society which has only six or seven branches in Ohio. One of these, in our neighboring town of Granville has a large and enthusiastic band of workers and also has had sufficient gifts of money and materials to keep them employed.

The first meeting here at the Y. M. C. A. was very well attended, about 40 women being present during the day. But in a town of this size there should be many hundreds working for this cause. One sewing society has asked if it might have the rooms all day Tuesday to help with the work. Not only workers are needed but money, and materials. You are asked to send cotton and linen fabrics, cotton flannel, cretonne or bright colored material, to use in covering pillows—and cotton to make comfort bags. Also old cotton and linen, to cut up and stuff pillows—used by the hundred of thousands to put under the wounds of the soldiers, when they are moved or to make them easier. In President Wilson's recent proclamation he urges Americans to aid those suffering because of the great war.

An explanation of the American Fund for French Wounded is given in their pamphlet as follows:

When the flood of invasion burst upon France, the regular hospitals were immediately overcrowded with wounded, and thousands of emergency hospitals were rapidly improvised in schools, theatres, chateaux, etc., everywhere. These buildings were equipped as far as possible by the local populations.

But this aid was not sufficient, and it became increasingly evident that the smaller hospitals would have to be assisted by other countries.

The American Fund for French Wounded has endeavored to supply these out-of-the-way hospitals, and with the help of its local Branch Committees and generosity of the National Red Cross, it has already shipped large supplies.

These consignments are sent direct to France on French steamers and

are distributed from the Paris depot. There is no delay and as little expense as possible in the delivery, frequent shipments arriving in Paris in 17 days after the ship has left New York. Needs:

Absorbent cotton and gauze in bulk; surgical dressings, especially compresses and bandages. Shirts, socks, pajamas, underwear and slippers.

Pillow-cases, pillows, sheets, blankets. Rubber gloves, clinical thermometer, zinc oxide adhesive plaster.

Either.

Money for emergency purchases in France. It is hardly necessary to dwell upon the great need for help in caring for the wounded for we read of these necessities in almost every paper. Now that another winter is before us, with its cold and damp, the suffering of the wounded and those in the trenches will be great. In our safe and comfortable homes it is hard to realize the terrible hardships endured.

It has been said that "in proportion to the great need for help in caring for the wounded for we read of these necessities in almost every paper. Now that another winter is before us, with its cold and damp, the suffering of the wounded and those in the trenches will be great. In our safe and comfortable homes it is hard to realize the terrible hardships endured."

ESTABLISHED IN 1820.

Entered as Second Class Matter  
March 10, 1882 at the postoffice at  
Newark, Ohio, under the Act of March  
4, 1879.Some people's idea of honor is to  
pay their election bets and let the  
grocer wait for his old account.It is still considered proper for  
the girls to wear a few cowbells  
over their shoulders at the dances.It is believed that some of the  
back precincts will remember to get  
their returns in before the next elec-  
tion.Billy Sunday having remarked,  
"I've cut out slang since coming to  
Boston," the audience said "Good  
Night."The modern hired girl allows the  
family to sit down at table with her  
in the dining room if they are very  
respectful.There is a general disposition to  
forget the bitter acrimony of the  
campaign and all turn in and hustle  
for pork.Whichever party is responsible for  
poor crops, bad weather, and the in-  
sect pests, will be sure to lose the  
next election.At present prices the landlady  
feels that Thanksgiving turkey will  
be altogether too indigestible food  
for her dear boards.As there is to be an inaugural ball  
next March, the Congressmen can't  
delay much longer to lose the  
latest variations of the one-step.Naturally Congress looks with  
some dismay at its new woman mem-  
ber who requires no spittoon and  
will not place her feet on the desk.The farmer may be unmoved by  
the news of carnage in Europe, but  
when he finds he can't get his fer-  
tilizer, he realizes that war is hell.In response to the President's  
proclamation calling for worship of  
Almighty God, Thanksgiving Day ex-  
ercises will be held on the foot ball  
fields.Let's now get down to business.  
Mr. Justice Hughes threw up the  
sponge last night and sent a con-  
gratulatory telegram to President  
Wilson.It is going to be hard to get  
peace in Europe as long as people  
who love and believe in peace will  
do everything that the war lords  
tell them to.Many substitutes are recom-  
mended for high food products, but  
before you get around to use them  
the substitute costs more than the  
original article.The fact that a man buys a new  
fur coat for his wife does not prove  
that he will think to blanket his  
horse in cold weather. The horse  
can't talk back.The fashionable way of celebrat-  
ing Thanksgiving is to have a home  
circle and old home reunion by leav-  
ing the old home and going to the  
nearest swell hotel.In spite of the fact that the foot-  
ball season is about over, the col-  
leges, strange to say, persist in  
keeping the students there until  
baseball opens in the spring.Having adjourned indefinitely the  
payment for their Thanksgiving din-  
ner by getting trusted for it, many  
people feel that they can enjoy the  
holiday with a truly thankful spirit.About now the homesick people  
in the city who don't know anyone  
feel sorry for the lonely country  
people who are meeting every other  
night at Grange and lodge and  
church suppers.Now that winter has come, it is  
the duty of the farmers to prepare  
for another season by sitting up  
nights reading articles on scientific  
agriculture prepared by smart city  
fellows in the skyscraper offices.Miss Ruth Law, in a 28-foot  
aeroplane, made the distance of 497  
miles from Chicago to New York in  
nine hours, establishing a new re-  
cord. Woman is making progress  
these days. Only two weeks ago one  
of the gentle sex was for the first  
time elected to a seat in Congress.

## The Farm-to-the-Table Plan.

The University of Wisconsin re-  
ports that the so-called Farm to the  
Table plan for shipment of produce  
direct from farmers to consumers  
has not worked well in that state.  
Of 200 farmers who advertised to  
make such shipments, only 66 have  
been able to keep it up.

Yet this scheme worked admirably  
in Europe before the war. And it  
took time to get it on a sound basis  
there. Our farmers and consumers  
should not abandon the idea too  
quickly. It does offer a means for  
avoiding the high cost of the mid-  
dleman's service, which President  
Wilson in his speech to the National  
Grange at Washington a few days  
ago declared was the big cause of  
high cost of living.

Probably one reason why the plan  
has not worked was that farmers do  
not always realize the necessity of  
advertising. Or they may have put  
in just two or three ads at the start  
and stopped. It is the rule in any  
kind of business that you can't ex-  
pect the best returns right off. It  
costs quite a little to get a new idea  
started. One must expect to run  
without profit for a little. Once cer-  
tain families get to depending on a  
certain farm for a given line of sup-  
plies, they would buy at the same  
place year after year with a profit  
at both ends of the line.

Another difficulty encountered  
was that housewives could not seem  
to get their orders ready in advance,  
and then wait two or three days to  
have them delivered. There does  
not seem to be much forethought in  
the running of the modern home.  
The mistress presides over the par-  
lor or living room, and does not  
know of a shortage until the maid  
bursts in with the alarming cry,  
"No eggs." Then there is a hurry  
call at the telephone, the grocer is  
summoned immediately to get out  
his man and team and drive up to  
the house with a dozen eggs in sea-  
son for dinner.

The whole process is costly and  
uneconomical. The old fashioned  
home with its shrewd economy  
foresees shortage. Under present  
conditions of living it would be able  
to order in advance quantities of  
supplies that would keep the house-  
hold going. Orders like those at  
better prices than the middleman  
would pay should look good to the  
farmer.

The colonel could explain how it  
happened but he has had the good  
judgment not to do it.

## Another Triumph For Woman.

(Baltimore Sun.)

Having beaten man at everything  
on earth that is worth doing, wo-  
man now shows him his inferiority  
in the sky. Miss Ruth Law, in an  
old-fashioned aeroplane, has easily  
surpassed the record of a masculine  
aviator who recently tried to fly  
from Chicago to New York in a  
large and up-to-date machine. It is  
true woman has a certain inherited  
advantage over man in the matter  
of flying, on account of her descent  
from the angels, who all have wings,  
and most of whom, with the excep-  
tion of Michael and one or two  
others, appear to be ladies. But we  
shall not attempt to belittle or ex-  
plain this new feminine triumph. We  
surrender; we admit our "finish."  
We throw ourselves on the mercy of  
the coming race. Will the man of  
1950 retain any sphere in which he  
will be woman's equal?

## Industrial Alcohol.

(Philadelphia Record.)

Henry Ford makes the interesting  
suggestion that the breweries of  
Michigan, which will be put out of  
business by prohibition, may at mod-  
erate expense be converted into dis-  
tilleries for the production of alcohol  
for the use of automobiles.  
We lag far behind Germany in the  
industrial use of alcohol. It is only  
very recently that tax-free denatur-  
ed alcohol has been made available  
for industrial purposes. Long be-  
fore that Germany found it practica-  
ble to allow potato spirits to be used  
for industrial purposes, and this  
opened up a large market for potato  
Appliances for the use of alcohol  
were rapidly developed because alcohol  
was cheap.

Wood alcohol costs much more to  
make than grain or potato alcohol.  
It was used industrially when the tax  
made grain alcohol too expensive to  
use. The denatured alcohol is more  
expensive than grain alcohol, outside  
of the tax, because it requires the  
mixture of wood spirits with grain  
spirits.

The Internal Revenue Office has  
always been afraid that if untaxed  
grain alcohol were permitted to be  
used industrially there would be  
great frauds on the revenue. But  
the Government maintains an ex-  
tremely close supervision of all re-  
fining establishments and all places  
where spirits are sold for use as bever-  
ages. It would seem as if this

supervision might be made complete  
enough to prevent any considerable  
amount of grain spirits that are un-  
taxed from being used in the com-  
pounding of beverages, and if this  
could be done a very cheap fuel  
would be available not only for au-  
tomobile engines, but for all similar  
engines.  
Mr. Ford's establishment has been  
experimenting with many subjects of  
distillation and has found corn stalks  
especially useful. It is worth while  
for the Internal Revenue Office to see  
whether it cannot protect the re-  
venue from alcohol for use in bever-  
ages while allowing grain alcohol  
and alcohol derived from similar  
sources to be entirely free of tax,  
which is highly poisonous, not only  
when imbibed, but when inhaled.

## America Abroad.

(Chicago Herald.)

Valuable first-hand testimony as to  
American prestige abroad is furnis-  
hed in the cable from the editor of  
The Herald, now in Europe to gain  
information for this newspaper.

He found practically no foundation  
for the stories that have been re-  
tailed over here—generally with a  
purpose—to the effect that there  
was a lack of respect for America  
and Americans abroad. What little  
sentiment of that sort could be dis-  
covered he ascribes to the American  
expatriates, always notoriously hard  
to please and too often willing to  
"befoul their country's flag."

On the war front, among the men  
who are doing the fighting, there  
was no disposition to criticize Amer-  
ica for the course she has pursued.  
He talked with officers and men and  
they agreed they could see no reason  
for America's participation in the  
war. They likewise failed to per-  
ceive any "yellowness" in President  
Wilson's policy, in spite of certain  
American assurances as to its pre-  
vailing tinge.

The Herald editor's estimate of  
this aspect of affairs is borne out by  
Associated Press dispatches from  
other belligerent countries. Berlin  
is reported in a receptive mood in  
regard to possible peace proposals  
from President Wilson. From Vien-  
na come assurances that the idea of  
his initiating a peace movement is  
received with favor. From another  
source comes the word that the  
pope and the United States are re-  
garded as the only agencies capable  
of exerting real influence in the mat-  
ter of Belgian deportations.

From all quarters, in brief, come  
evidences that American prestige  
abroad is what all good Americans  
want it to be; that particularly since  
the election, with its proof that there  
is a certain continuity in American  
foreign policy and that a national  
election need not be looked to by  
foreign nations as a first aid to the  
furtherance of their particular views  
there is a general disposition to ac-  
cord America an even greater mea-  
sure of consideration.

This is reassuring for two reasons.  
The first concerns the natural point  
of national pride. It could afford  
no good American satisfaction to  
know that his country was viewed  
with a lack of respect, even though  
he felt perfectly assured the view  
was wholly mistaken. The second is  
the ground it affords for believing  
that America may yet be able to take  
the leading part in composing the  
differences of the belligerents, when  
the proper time comes, that her neu-  
trality and her national ideals so well  
fit her to play.

## Quaker Quips.

(Philadelphia Record.)

Time is money, and a fair ex-  
change is no robbery.  
Just because a girl has teeth like  
pearls she is seldom as dumb as an  
oyster.

When a girl doesn't care who  
knows her age, it's a safe bet that  
she's about 18.

The fact that a boat is stern and  
prowed doesn't enable it to make  
both ends meet.

The pen is mightier than the  
sword. In fact it is generally a bit  
more sordid.

There are times when a man tells  
the truth with the same eagerness  
that he would go and have a tooth  
pulled.

## Daddy's Bedtime

## Story—HOW A BOTTLE NECK RESTED FOR YEARS.

[Adapted from Hans Christian Andersen.]

JACK and Evelyn ran to carry daddy's bundle. So after supper he told  
them this story: "There was once a nice bottle that traveled about the  
world more than most folks do. It went to a betrothal picnic, was  
shipwrecked, rescued and finally stood in a big house up in the attic for  
twenty years. It probably would have stood there yet if the house had not  
been rebuilt."

"One day a big gang of laborers came and began to chop and blast and  
whack away at the house's foundations. They tore off the roof, and there,  
leaning up against a rafter, all covered with dust and spiders' webs, stood our  
bottle."

"The laborers picked it up and squinted at the message inside the bottle.  
This was a love word from the young mate on the ship that was wrecked.  
Just before it went down he scribbled a farewell to his bride, stuck it in our  
bottle and threw it far from the churning waves. But the laborers could not  
read the love message, so they threw it away. Liking the shape of the bottle,  
one of them carried it down to the pump and gave it a nice bath."

"In icy water, daddy?" asked Jack.

"After standing in a garret for twenty years our bottle was almost as  
dirty as you children are after a day's digging in the garden. So a good wash-  
ing and rinsing was just what it needed. It became quite clear and transpar-  
ent again. It felt almost as youthful in its old age as it did the day it jumped  
out of the roaring red furnace where it was born."

"Then one of the laborers took it home with him and sold it to a firm that  
filled it with seed corn. This was a funny thing for the bottle to hold and  
something it knew nothing about. Then it was well corked and wrapped up  
tightly, so tightly that it could see neither the light of lantern or candle, far  
less moonlight. When one goes on a journey one really should see some kind  
of light, thought the bottle."

"However, our bottle had learned to go cheerfully where it was sent. So  
it now did the most important thing required of it, which was to arrive at its  
journey's end, where it was carefully unpacked."

"What trouble those foreigners have taken with this old bottle!" said the  
people who received it. "But probably it was cracked."

"However, our bottle was not cracked at all. It held the very best kind of  
seed corn one big country has to export," daddy explained.

The children clapped daddy and ran off to bed.

## Redmond and O'Brien in Ireland.

(New York Evening Post.)

A bye-election in Ireland this  
week has considerable significance.  
An adherent of John Redmond was  
chosen to the House of Commons  
from one of the divisions of Cork.  
He had a plurality of only 117 votes  
over his opponent, but in 1912 the  
same candidate was defeated by 235  
—the successful man belonging to  
the O'Brien faction. Now, however,  
the O'Brienite is beaten. The result  
is a gain of one for the Nationalists  
led by Redmond, and is at the same  
time an indication that he has not  
been so much undermined by Young  
Ireland as had been asserted. Fur-  
thermore, it seems to show that the  
Dublin rebellion did not work  
against Redmond as was expected.

## The Advocate's TRAVELING POT

If you devote your time to study,  
you will avoid all the irksomeness of  
this life, nor will you long for the  
approach of night, being tired of  
the day; nor will you be a burden  
to yourself, nor your society insup-  
portable to others.—Seneca.

This gloomy thought take with you,  
then:  
"Tis surely a depresser:  
That naught on earth within our ken,  
Succeeds like a successor."

## CHINESE LOAN IS IN VIOLATION OF BANK AGREEMENT

(Associated Press Telegram)

Peking, Nov. 23.—The British,  
Russian and Japanese bankers of  
the Quintuple group have sent a  
letter to the minister of finance say-  
ing that the loan arranged for with  
Chicago banks violated Article 17  
of the reorganization loan agreement  
of April 26, 1913. The letter de-  
clares the loan is political and not  
industrial and asks for an explana-  
tion.

The Chinese parliament recently  
unanimously approved a loan of

## Today's Beauty Talk

You can make a delightful shampoo with very little effort and for a very trifling cost, if you get from your druggist a package of cantirox and dissolve a teaspoonful in a cup of hot water. Your shampoo is now ready. Just pour a little at a time on the scalp and rub briskly. This creates an abundance of thick, white lather that thoroughly dissolves and removes the dandruff, excess oil and dirt. After rinsing, the hair dries quickly, with a fluffiness that makes it seem heavier than it is, and takes on a rich luster and a softness that makes arranging it a pleasure.—Advertisement.

## Granville

(Special to Advocate.)

Granville, Nov. 23.—The many friends of Mrs. Fannie J. Green, widow of the late Henry B. Green, will be pained to learn of her death which occurred this morning at 6 o'clock at the home of her son-in-law and daughter, Dr. and Mrs. L. E. Davis, at the corner of Elm and Cherry streets. Mrs. Green, who has passed all of her married life in Granville, has been identified with every worthy cause which has ever come before the people, and until increasing infirmities forced her to leave active service, she still retained her interest in outside affairs. She was an active and useful member of the Baptist church, where her sunny disposition was as helpful during many years as her ready hand. For several years she was the efficient matron of Shepardson college where she endeared herself to all the girls by the motherly care she gave them. Although she had been ill for some time past, the end came suddenly after all, as her two sons who had been visiting her left her only a few days ago. According to present plans the funeral will be held on Saturday afternoon. She is survived by two sons, Dr. Edward Green of Toledo, Dr. Herbert Green of Cambridge, and one daughter, Mrs. L. E. Davis, who was with her to the last.

On next Sunday an offering will be taken in the Baptist Bible school for the work of the local branch of the A. F. F. W. In the benevolence offering three dollars will be set aside for the regular mission work, and all over this amount will be given to this worthy cause.

Miss Howland's class in china painting is receiving new accessions, and pupils will be entered for stated periods. Orders for Christmas work will be taken at the studio in the basement of Stone Hall.

In the Historical Recital series, which the Denison Conservatory faculty presents this fall, Ludwig von Beethoven (1770-1827) was the subject so delightfully treated on Wednesday evening, Nov. 22 in recital hall by Prof. Karl Eschman, director of the conservatory, and Miss Fannie J. Ferrar, head of the piano department. Mr. Eschman's lecture on "Beethoven and the Pastoral Symphony" was one of his happiest efforts, and the use of slides in displaying the composer's manuscripts, piano, letters, &c., added greatly to the enjoyment.

The symphony was played on two pianos by Mr. Eschman and Miss Ferrar in a way to delight the audience, so manifest was their own enjoyment in interpreting the rollicksome Scherzo humor and pictorial skill shown by the composer, but with "emphasis upon the feelings experienced by the beholder of nature rather than a photographic realism," as explained by Mr. Eschman.

For the benefit of music lovers the program is appended:

Lecture—Beethoven, by Mr. Eschman.

Pastoral Symphony, by Karl Eschman.

Symphony No. VI, Opus 68.

(a) Allegro ma non troppo.

Awakening of cheerful emotions on arriving in the country.

(b) Andante con moto; By the brook.

(c) Allegro; Peasants' rejoicing.

(d) Allegro; Storm.

(e) Allegro Shepard's Song, Glad and thankful feelings after the storm.

Miss Farrar and Mr. Eschman.

The next faculty recital is the third of the Historical Series "Schubert and Mendelssohn" Dec. 6th. The annual performance of Handel's "Messiah" will be given in the Baptist church, Dec. 17 at 8 p. m.

On Saturday evening at 7 o'clock the Christian Workers' Young People's Union will give a "Rube Social" in the Baptist church parlors. All young people of the church are invited.

"A Message from Mars" is just what we all need just now. Everybody should hear Newens deliver it this evening in the Granville opera house.

The men's class of the Presbyterian church will give the second monthly program and supper on Friday evening, Nov. 24, in the social rooms of that church. On this occasion W. S. Dornier of Zanesville will be guest of honor and principal speaker. The Denison quartet in charge of Gerald Athey will furnish the music. You do not need to be a Presbyterian in order to enjoy this entertainment.

The Tongue and Typhus.  
According to P. Remlinger, quoted in the Journal of the American Medical association, an infallible method of telling whether a patient has typhoid (or paratyphoid) or the much more serious typhus is to ask him to put out his tongue. The typhoid or paratyphoid patient does it without effort, but if he has typhus he cannot get it beyond his teeth.

## A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have  
Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets, you will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system. If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-go feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

## Obituary

**Newton W. Holler**

Newton W. Holler, aged 72 years, died at his home in Hebron, Licking county, O., on Thursday morning, Nov. 23 at 7:30 o'clock. Newton W. Holler, son of Joseph Holler, was born on the Holler homestead in Newton township, Licking county, O., on August 27, 1844. He lived there until the year 1900 when he and his wife moved to Columbus, where they lived until May 1, 1916, when they moved to Hebron, O. He was a general stock raiser and farmer. In the year 1893, on June 25, he was united in marriage to Miss Rena M. Griffith of Licking county, O. Mr. Holler is survived by his wife and two sisters, Mrs. Jerusa Fulton, of Granville and Mrs. Anna Heighley, of Oswego, Iowa, and a host of friends.

The funeral services will be held Saturday at 1:00 o'clock in the First Presbyterian church of this city and short services at the house at 12:00 o'clock.

**Mrs. Patrick W. Feeney.**  
Friends and relatives of Mrs. Patrick W. Feeney (nee Doyle), of Pittsburgh, Pa., will be grieved to learn of her death at her home this morning at 5:30 a. m.

Death was due to a cancer located in the ear duct. All the power of medical science failed to check the ravages of the disease and she passed away after prolonged suffering borne with Christian patience.

Mrs. Feeney was born in Newark in 1857 and after her marriage in 1882 she moved east. She is survived by her husband, Patrick W. Feeney, a former conductor on the P. C. & St. L. railway; one daughter, Mrs. Geo. Rush and six sons, John M. and T. A. of this city, Edward F., Leo J., Leonard C. and George W.

Mrs. Feeney was a member of the L. C. B. A., the Macabees, the Royal Neighbors and the Ladies' Auxiliary to the O. R. C.

The body will be brought to this city Saturday, November 25, at 12:56 p. m. and will be viewed at the Noonan home, the residence of George Stascl, 73 German street.

Funeral arrangements will be announced later.

**Mrs. Grant Wilson.**  
The funeral of Mrs. Grant Wilson, who died Tuesday morning at her home in Pataskala, was held this afternoon at 1 o'clock at the home. Burial was made at Pataskala. Mrs. Wilson's death was due to an attack of pneumonia. She was ill less than a week. Her husband, three children, her mother, Mrs. Alma Ritchie and several sisters survive.

## Our Boys and Girls

To tie baby's bonnet get a yard of satin or tulle ribbon about three inches wide and make a small bow on each end. There should be about five inches of ribbon between the bows.

Fasten one bow securely to the bonnet and sew a hook on the under side of the other bow. Then sew an eye on the bonnet and be sure it is sewed even with the opposite bow. I have found this way to be much better than wet and soiled bonnet strings.

## Mlady's Boudoir

## The Hair in Winter.

Even the fluffiest most luxuriant head of hair will begin to show signs of deterioration during the winter, the evidence being lack of lustre.

The woman who values her crown of glory will do well therefore, to give her hair special attention at this season, and it is surprising how readily the average head will respond to a little judicious treatment. Inside of ten days the hair will cease to fall out and within a month its soft fluffiness and luster will return.

A shampoo never should be given oftener than once in three weeks. Meanwhile the tresses may be kept fluffy and soft by airing, scalp massage, and an occasional application of the dry shampoo. The latter may be resorted to when it is as essential that the hair shall present a drying and curling.

Hold the head over the bathtub and sprinkle the hair generously with talcum powder, tossing the locks this way and that until every bit of the hair has been thoroughly powdered. Then brush the hair lightly, until all the powder is out. The tresses will assume a soft, fluffy appearance which is so much sought with the new modes of dressing the hair.

## Blessing to Me Was Neal Cure

Tribute of Appreciation from Former Excessive Drinker Who Found Quick Relief at the Neal Institute

"I am getting along fine and will always be glad to say a good word for you and the Neal Institute, for it certainly was God's blessing to me."

This was the keynote of thanksgiving which came to the Neal Institute from a happy man who, over a year ago, took the Neal Treatment and thereby conquered desire for liquor which was fast getting the upper hand of him.

Not a day passes in which some sentiment of like appreciation does not come to cheer the lives of those who are doing such marvelous work, helping slaves of the drug habit to become masters of themselves.

About the last thing that the drinking man realizes is the fact that he is drinking to excess. His friends notice it and regretfully shake their heads. His employer notices it and begins to look about for somebody to take his place when incapacity which no excessive drinker can escape. The employee notices it when the man of affairs

begins to "lose out" because alcohol has clouded his brain and one contract and then another slips away from him.

One of the greatest investments any drinking man can make is three days spent at the Neal Institute where, under the care of regular physicians, the Neal Treatment is administered. This is wholly ethical—a harmless vegetable medicine taken internally, with absolutely no hypodermic injections.

Intense craving and desire for liquor is quickly replaced by antipathy for all alcoholic drink. All the old appetite is destroyed. Three days covers the entire time of treatment—just a little vacation.

Guests enjoy all comforts and privacy. There is no publicity.

For further information and booklet, write, call or phone the Neal Institute, 1320 Main street, Columbus, O. Phone East 860. Open day and night. Other Neal Institutes located at Cleveland, Cincinnati and Pittsburgh.

“WHEN MY BABY WAS SICK”  
One Minute Interviews with Mothers Whose Children are Now Well and Strong

“My baby had a bad cold, but Father John's Medicine cured her.” (Signed) Mrs. Ida M. Butler, 37 King St., Waterville, Me.

“Leona Rose, my baby girl, has been greatly benefited by Father John's Medicine. She takes it whenever she has a cold or cough.” (Signed) Mrs. Chas. M. Chadrina, 837 So. 4th St., Cedar Rapids, Ohio.

“My little baby, Melvin, was thin and pale until I gave him Father John's Medicine, which built him up and made him strong.” (Signed) Mrs. Ernest Thiel, Stillwater, Minn.

“My little girl, four years old, had bronchitis and got no relief until I gave her Father John's Medicine.” (Signed) Mrs. W. N. Robertson, Elrama, Pa.

“My two children had whooping cough and were pale and run down and Father John's Medicine made them well and strong.” (Signed) Mrs. Delvida Fortin, 26 Oak St., Brunswick, Me.

Father John's Medicine is a safe medicine for children, when they have a cold or cough or are run down, because it does not contain alcohol or dangerous drugs.

Children Thrive on Grape-Nuts

This delicious food is made from whole wheat and malted barley—scientifically baked many hours to a high degree of digestibility.

It provides, in concentrated form, the elements of nourishment so necessary for building active, growing bodies and brains, and the kiddies really like Grape-Nuts—they need no urging.

Every table should have its daily ration of Grape-Nuts.

SCHOOL CHILDREN TO BE ORGANIZED IN HEALTH FIGHT

In order to interest the 20,000,000 school children of the United States in the Anti-Tuberculosis Campaign, the boys and girls will be organized into Modern Health Crusaders, a new society being formed under the direction of the National Association for the Study and Prevention of Tuberculosis and announced in a bulletin issued today.

Any boy or girl in the United States, not less than 5 nor more than 18, who sells or buys at least 10 Red Cross Seals, and who agrees to the Crusade Health Rules, will receive a certificate of enrollment. When he sells 25 to 50 Seals, he gets a button and becomes Squire, and when he reaches 100 to 200 Seals, a silver pin with the rank of Knight. Those who sell 500 Seals get a gold pin with the rank of Knight Banneret. Leagues of Modern Health Crusaders will be formed in connection with schools, clubs, churches and other organizations. These will become part of State Legions and later of the National Legion.

“The object of these organizations,” says Chas. M. DeForest, National Red Cross Seal Sales Manager, “is not to secure money for the Anti-Tuberculosis movement, but rather to give the children definite tasks whereby they can help the Health Campaign. Every boy and girl must promise to try his best to keep the following rules:

“1. Always breathe fresh air. Never study, work nor play in a room without a window open. Take ten deep breaths every day.

“2. Eat nourishing food and chew it thoroughly. Drink plenty of pure water and use your own cup. Avoid food that is hard to digest, like heavy pie and cake and much candy. Never eat nor drink anything that weakens the body, like alcoholic drinks.

“3. Make sure that everything you put in your mouth is clean. Wash your hands always before eating and bathe your whole body often. Clean your teeth every day. Have a regular time every day for attending to each need of your body.

“4. Exercise every day in the open air. Keep your shoulders straight. Do not smoke before you are grown up.

“5. Get a long night's sleep. Get up smiling. Keep your mind clean and cheerful.

“We have to give the local leagues other work to do during the year as, for example, in clean-up campaigns; distributing literature, swatting flies, etc. As these leagues will all be part of regular anti-tuberculosis associations, we shall not be multiplying organizations needlessly, but rather we shall be crystallizing an already well defined public health enthusiasm in a way that promises real results.”

The National Association for the Study and Prevention of Tuberculosis, 105 East 22nd Street, New York, will send a circular on organization of Modern Health Crusaders to any one on request.

Some New Talking Machine Records

Columbia has announced the initial exclusive recording of the Musical Art Society of New York, under the directorship of its founder, Dr. Frank Damrosch. Each member of this remarkable musical organization, dedicated to the cultivation of ancient and present day composers of the a capella style, is a professional singer.

The first recording is a coupling of “Alla Trinita,” a fifteenth century melody, and “Lo, How a Rose E'er Blooming,” a sixteenth century composition by Praetorius.

The “Alla Trinita” is sung with a hushed reverence that is very impressive. And the masterful delicacy accorded that brief “Lo, How a Rose E'er Blooming” eloquently proclaims the influence of that modern master of vocal technique, Damrosch.

FIRST NON-MORMON GOVERNOR OF UTAH

Simon Bamberger.

Besides being the first Democrat to be elected governor of Utah, Simon Bamberger, the successful gubernatorial candidate at the recent elections, is also the first non-Mormon to head the government of that state. Utah was one of the “surprise states” of the election. A stronghold of the Republican forces in all previous elections, the state this year reversed itself and went Democratic from president all the way down to the smallest county office.

### 3000 INDIANS SEE COLE SHOW; KUTZ IMPROVES

Harry P. Kutz whose injury at the hands of ruffians in Texas was related in The Advocate recently, writes from Gallup, N. M., that his condition is improving and that he appreciates the receipt of sympathetic letters from a score of Newark friends. Mr. Kutz is press agent for Cole Bros. circus.

In a letter just received Mr. Kutz says: Arrived with the show at Gallup today (Nov. 17). Bandages off the injured eye today for the first time and I'm glad to say I have hope of saving the eye. Weather has been very bad, cold below zero since Sunday. Cole Bros. circus has been touring since last Saturday but it has been so cold we could not show but made the towns all week as scheduled only stopping to erect the dining tent and animal tent so as to feed.

I am not able to leave my Pullman stateroom on account of cold wind, but the parade is on the streets now, 11:00 a. m., prior to giving a matinee here. There are at least 3,000 Indians in town to see the elephants and the clowns. Have just had a pleasant visit from Democratic Governor-Elect De Baca, who is editor of the Spanish paper at Las Vegas, New Mex. I had a lengthy visit with him while showing his home town in August. He is going to Los Angeles for a rest after a strenuous campaign.

Having a two hours' lay over here he noticed Cole Bros. train, so looked me up and I was certainly pleased to meet him again.

Noticed in the El Paso, Texas, Herald that our own "Winnie" was elected. Good for "old Licking," as W. D. Fulton will give Ohio a good clean administration of the state secretaryship.

Mr. Kutz has been receiving The Advocate from day to day as he has traveled over the southwest. He will be at Mesa, Ariz., Nov. 28; Ajo, Ariz., Nov. 29; Yuma, Ariz., Nov. 30; Calexico, Calif., Dec. 1, and Imperial Calif., Dec. 2.

### Are You Sure It's Only a Cold?

What to Do When a Cough Hangs On.  
Prevent Grippe, Pneumonia and Lung Trouble.

People who take cold easily, and whose colds seem to hang on, are apt to neglect themselves as soon as they feel a little better. Such colds often leave the throat or lungs in a greatly weakened state and before he fully realizes it the patient is down with grippe, pneumonia or other serious lung trouble. Such ailments are usually preventable where timely action is taken.

At the first sign of cough or cold go to W. A. Egan, Evans Drug Co., corner of Madison and Main streets, Newark, N. J., and get a large bottle of Oxidase (Tablet form). Carry a box of these tablets about you every day and each hour or so allow one of them to slowly melt in your mouth. Oxidase is a physician's prescription of a pleasant, powerful combination of antiseptic, healing agents that contain no habit-forming drugs. Mingle with the saliva, its mucus, and the inflamed membrane of the throat and chest, and only stopping a dry, hoarse or tight cough, it checks the formation of phlegm in the throat, and prevents the further development of the disease. Oxidase is a sure cure for these troubles. W. A. Egan, Evans Drug Co., 100 N. Main St., Newark, N. J., are authorized to refund the purchase price of Oxidase in subject to such use. Oxidase is a sure cure for colds, influenza, throat and chest troubles. Keep a box of Oxidase in your pocket or purse all the time.

### WILL LEASE LOTS FOR FARM CLASS OF HIGH SCHOOL

The city board of education met last evening, the regular Tuesday evening meeting having been postponed until that time. The members present were Hon. Wm. E. Miller, J. M. Mitchell, Ben Montgomery and W. C. Christian. The minutes of the last meeting were read and approved, after which the bills were allowed as was also the teachers and officers salaries for November.

A verbal report of the new department in the high school that of agriculture, was made by the instructor, Prof. Carl Hopp. He told of progress which he had been making and the interest manifested by the students; he informed the board that he had arranged for several pieces of ground adjacent to the city, comprising in all about seven acres, which he desired to lease and have broken up before winter sets in. The board instructed him to proceed with the arrangements which he had in view. Prof. Hopp and students expect to raise their own plants in the spring, such as tomatoes and cabbage, so that they may be transplanted. All kinds of vegetables will be raised. The instructor was also authorized to purchase whatever glass may be needed for the hot house beds.

A committee of insurance men, J. J. Reese, Hooper Franklin and F. M. B. Windle next addressed the board on insurance rates. They gave reasons why there had been an advance in rates and as the policies on the school buildings expire about the middle of December thought that the board should be given all details before that time. The matter was carried over until the next meeting.

Superintendent of supplies Frank Handel reported that he had changed the burners of the boilers in the Fifth street, Maholm and Conrad schools so that coal could be used instead of gas.

Growing.  
Friend—I understand that your practice is getting larger.

"THE STRENGTH OF

night to Clifford Hipple and his company who will be seen in a play of Irish theme, character, and dress, Shameen Dhu. It tells the story of people who, because involved in both love, love affairs and plots against the British crown when Ireland was struggling against British oppression. Although there is such of Irish wrongs in the plot, the play is one of love, laughter and song and the plotting against the crown is more of a background than a dominating feature of the well conceived three acts that will be served for our delectation. Clifford Hipple is a young actor of excellent stage presence. He has a well cultivated baritone voice and, during the action of the play will sing a number of songs, which go far to lighten the serious moments of the story. It is a romantic concert and well told. Its characters are clean cut and well drawn and there is never a dull moment from rise to fall of curtain. Seats now selling.

**Local Movie Play.**

The Auditorium will show the photoplay that was made in Newark several days ago, "Twas School Days," with local actors and actresses who are seen in the leading roles. The scenes are laid right here in our city, with pictures of some of our pretty homes, public buildings, etc. The story is said to be most interesting and shows the experiences that we have both young and old to encounter in our journey through childhood days. This picture is to be seen for several days, the first showing starting next Saturday, at which time the picture will be seen together with the William Fox masterplay, "The Mediator" with George Walsh and a selected company.

**Theda Bara Sunday.**

Theda Bara is to be the Auditorium feature on next Sunday, together with the Pathe Weekly, full of news events that are sure to please Auditorium picture fans.

**Big Revue Monday.**

One of the particular interesting features of the Henry P. Dixon (Inc.) Big Revue of 1917, which attraction is to hold the boards at the Auditorium theatre Monday next, will be a novel number requiring the services of the entire company, and headed by that clever character comedienne and artiste, "Doty" Morris. It is called "The Life of the Underworld," and tells a story involving many well-known characters and providing a far-reaching and effective moral besides. During the progress of the Revue we are introduced to the girl who has chosen the primrose path; the "drug fiend," the bully, the minion of the law who harkens to the call of justice and society; the poor old gray-haired mother beckoning back to the fold her stray lamb; the officious citizen who frowns on everything that is right and holy; a minister ready to uplift the fallen and other human creatures, frail and weak, wallowing in the slough of despair and waiting to be saved at the altar of Forgiveness. It is one of those bits that is easily the making and saving grace of any production, but which is only one of the many good things offered in a show that is different and in advance of its contemporaries. Harry (Hickey) Le Van, Clara Devine, Charles Warren, Albie Mason, the "Athletic Girl" with an unusually remarkable voice, Florrie Brooks, Charles Saxon and Joseph L. Dixon, in addition to a chorus of twenty pretty maidens, are among the others who contribute to the merits and success of an offering bristling with comedy, fun, music, frivolity and surprises.

**"Peg O' My Heart."**

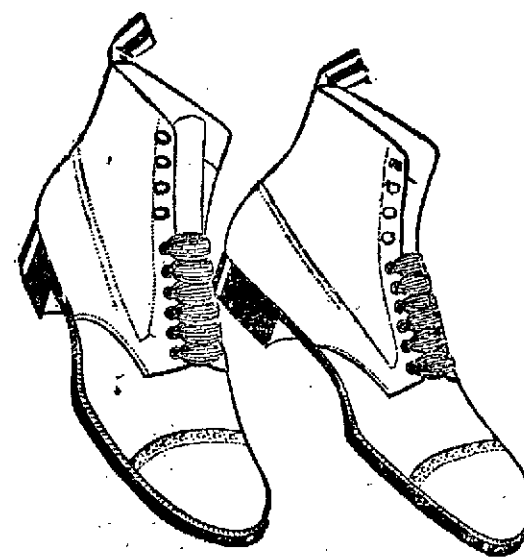

"Peg O' My Heart," which comes to the Auditorium theatre on Thanksgiving Day is indeed a comedy of charm. The story deals with Peg, the daughter of an impoverished but lovable Irishman and an aristocratic Englishwoman on whom her relatives turned their backs when she set out to America with the husband of her choice. By the will of one of Peg's uncles, who repented of his deathbed his unkindness toward his sister, the little Irish-American

maiden is brought to England to be properly reared at the expense of his estates. Peg is received into the family of an aunt, not from love, but for the sake of the money that her care and instruction brings. Her treatment is hardly that of a favored relative, but she finds little to make her life pleasant except the friendship of "Jerry," a friend of her late uncle, her experience setting forth vividly the contrast between her rather unworldly manners and the stilted and unconventional ways of this English household.

A well known writer recently reviewed the play in the following manner:

"What! All we laddy-bucks, say have you seen 'Peg O' My Heart'? She's the sweetest collection! No truer mate could there be for a byer, sure on you're lost when ye look in her eyes."

Hair like gold of mid-summer sun; heart of an angel and sure she is wan. If a new resolution ye'd start, make up your mind to see "Peg O' My Heart!"

"Peg" is a bit of a miss, cheeks like an apple, and a mouth made to kiss. Goes over to England across the grey sea, where they inform her a laddy she'll be.

Then the poor darlin' gets snubbed from a dude, hears the great ladies describe her as crude; everyone picks on the poor colleen, so back to her daddy she says she will go.

But a 'foin lad with a laugh and a smile looks to her—in the eyes an' she stays for a while. He calls her

Peg with a voice that is merry-bit of a devil he is, too, is Jerry.

Och, then, begorra, the trouble comes a croppin' Peg and her Jerry one night go a-boppin' off to a dance for to shake foot and leg. Dyin' for fun, is our darlin' young Peg.

Neither return till the break o' day, then, wurra, wurra, the devil's to pay. But as we know right away from the start, everything ends well for "Peg O' My Heart." Mail order seats ready now.

**ALHAMBRA.**

Blanche Sweet, the popular photodramatic star, who will be seen at the Josette L. Lasky production of "Unprotected" at the Alhambra, Friday and Saturday, hid herself to her favorite retreat, Bear Valley, for the filming of the final scenes of the Paramount production. Director James Young, at the wheel of the automobile, en route for the valley, unable to resist the temptation of a splendid stretch of road ahead of him, "stepped on it" and was picked up by a motor cop, at sixty miles an hour. The director and his whole load of talent were halted before the judge at Ontario. The judge said, "Ten dollars or ten days"—then turning to Mr. Young, continued—"I hope you will take the ten days, because all the roads are out of repair and we can't get anybody to stop long enough a fix them up." The request from the bench did not appeal to the director, so he paid the fine and went on.

**London Hotels Must Decrease Use of Imported Food**

(ASSOCIATED PRESS TELEGRAM)

London, Nov. 23.—Walter Runciman, president of the board of trade, addressing a meeting of leading London hotel keepers last night, demanded an immediate curtailment of menus. He declared that there must be an immediate and drastic cutting down and a decrease in the use of imported foods.

"I have just seen," he said, "a specimen of a Christmas menu which is being circulated as an advertisement by a leading London hotel. Such an elaborate program would be wasteful even in peace time and is little short of scandalous in wartime. Such a situation cannot be allowed. All menus must be drastically cut down and there must be one or two fishless and meatless days weekly. There must be an immediate decrease in the use of imported foods. Waste is especially noticeable in the use of expensive cakes, and confections. If the trade interests will not take the necessary action the government must force them to do so."

Following the meeting the Savoy hotel announced the cancellation of its special Christmas and New Year's dinners.

Speculations as to when the war will end have given place to calculations as to when loans will fall due.

**DON'T SUFFER WITH NEURALGIA**

**Musterole Gives Delicious Comfort**

When those sharp pains go shooting through your head, when your skull seems as if it would split, just rub a little Musterole on the temples and neck. It draws out the inflammation, soothes away the pain, usually giving quick relief.

Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister.

Many doctors and nurses frankly recommend Musterole for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten, colds of the chest (it often prevents pneumonia). It is always dependable.

## WRESTLING SHOW TONIGHT WILL BE STAR ATTRACTION

Bowser Meets Conley in Main Bout While Metro Will Argue to Finish With Ed Reed.

Ed Conley, the Cleveland middle-weight grappler, who meets Paul Bowser of this city, world's middle-weight champion, at the Auditorium tonight, is somewhat of a globe trotter. Conley only recently returned from a several year's sojourn in Panama Canal region.

When the canal proposition was booming and many Americans sought the fruits of their toil in the new fields, Conley was one of the many who turned his endeavors Panama way. However he did not remain long in one place but spent

PAUL BOWSER

most of the time traveling, visiting all the places of interest to be found in the tropical countries.

A few months ago Conley hearing of the flourishing condition of the grappling game in this country again, decided to return. He has met the best men in the grappling game in this country again, decided to return. He has met the best men in the grappling game at his weight and believes that now he can defeat the best at 158 ringside.

The Cleveland man arrived here Tuesday for tonight's bout with Bowser and for the past two days has engaged in light training.

Bowser realizes the calibre of the man he is meeting and is taking no chances of not being in condition. Every afternoon and evening for the past ten days Paul and his training partner, Charles Metro, the "terrible Turk" have worked out together. So there is little doubt but what the

champion will be in good shape, when he steps on the mat.

In addition to the Bowser-Conley bout, there will be another attraction which is bound to be enjoyed by the fans. Metro will meet Ed Reed, who claims to be the "flying Dutchman," of Akron, in a finished bout previous to the main go. This match will be a little different from the usual semi-final bouts, as it will be to a finish, two falls in three to win.

Metro is confident that he can dispose of Reed and prevent him from meeting Bowser, which match has been agreed upon should Reed be the winner. The fans have been anxiously awaiting this meeting and from the advance sale of tickets, the largest crowd of the season will see the show. Another good preliminary has been arranged for the curtain-raiser.

The show will start promptly at 8:15 p. m., and fans wishing to see the Metro-Reed affair, would play safe in getting to the Auditorium at the start of the program, as the first preliminary will be of short duration. This will be due to the next bout being to a finish.

### POLES ARE AGAINST AUTONOMY FOR AUSTRIAN PROVINCE

London, Nov. 25.—The Poles of Austrian Silesia have declared against a grant of autonomy to Galicia, according to a Vienna dispatch to Reuters by way of Amsterdam. The dispatch says that the Silesian Poles have issued a manifesto declaring that an autonomous Galicia would be a heavy blow to their own national development. They declare that they will only agree to the reorganization if they also receive guarantees of their rights both nationally and economically.

In the fleet of life, the flagship is smiles; giggles are only a breeze that pushes the ship along.

## DENNISON TEAM CONFIDENT IT'LL WIN SUNDAY GAME

Visitors Say They'll Tie Knot in McDaniel's String of Victories—Will Bring Plenty of Rooters.

"Your team has been winning too many games," said the manager of the Dennison Pan Handles yesterday, in a telephone conversation with Manager McDaniel, "so I guess we'll come to Newark and put a knot in your string of victories."

"Come ahead," said McDaniel, "we have to be shown before we will acknowledge you have the goods on us."

That is how the manager of the two rival teams, who clash at Wehrle park next Sunday afternoon, view the result of the game, which should be the best of the season in Newark. The Dennison team has a state wide reputation of being one of the hardest aggregations in the state to turn back, and the players realize this, which make them a hard proposition for any team.

But this is not worrying the McDaniel players in the least, because they too have confidence in their ability to stop the visitors, by reason of the acquisition of the two new Mansfield players, who starred in last Sunday's game at Zanesville.

Despite who is the winner, the fans are going to see a regular football game that will long be remembered. The locals are practicing hard and will be in there to win, while the reports from the downstate towns is to the effect that the Pan Handles are busy formulating new plays.

A large crowd of supporters of the Dennison team will accompany their favorites. The game will be called promptly at 2:30 o'clock.

GRIFITHS WILL MEET TED LEWIS IN TONIGHT'S BOUT Cleveland, Nov. 25.—Johnny Griffiths of Akron, and Ted Lewis, English welterweight met in the ten round main bout of a boxing show to be held here tonight. Chick Magillone of Akron and Oscar Gardner of this city, in a ten round semi-windup and Harry Kerstein and Vincent Pokorny, both of Cleveland, in a ten round curtain-raiser are also on the card.

 George Heckman, 92 Moulton street, foreman at the Weiant & Cramer bakery entertained the members of the Bakers' Union with a banquet on Wednesday evening at the Trades and Labor Council hall. Mr. Heckman celebrated the recent election of President Wilson.

**Attended Celebration.**  
 Ed. Morris has returned from a visit at Crestline and Mansfield and at the former place several evenings ago participated in a jubilation by the Democrats over the results of the late election. A big parade with several bands was the feature.

**Record Butter Prices.**  
 Creamery butter is retailing in this city at 48 cents. In some northeastern Ohio cities it is retailing at 50 cents per pound and the cheering information is given out that it will be ten cents a pound higher before the winter is far spent.

**Crude Oil Burners.**  
 A number of local people who have had the gas turned off from under their boilers might profit by residents of Bucyrus, who have installed crude oil burners after the Logan Natural Gas & Fuel company cut them off. The American Clay company is using oil in their furnaces as is also the Bucyrus Rubber company and the Ohio Steel company.

## ETNA

Last Friday marked the 81st birthday anniversary of Mrs. Maria Rastorfer which was celebrated at her home southeast of Etna by the gathering of her children, grandchildren and other relatives and friends. Those present were Freeman Rastorfer and wife of Columbus, Mrs. William Emswiler and family of Pataskala, Mr. and Mrs. Jacob Krum and family, Henry Edward and Miss Elva of the home. Jacob Hagy and wife and Mr. Harley Hagy all of Columbus, Mr. and Mrs. William Albert and Bessie Albert of Etna, Mrs. Agnes Thompson, Mrs. Blanche Wethaw and children, Mr. and Mrs. Late Vickliffe and Miss Alice Albert, all of Kirkersville; Mr. and Mrs. Charles Kochendorfer and Paul Kochendorfer of Central City, Mr. and Mrs. Wallie Bickie, Mr. and Mrs. Vincent Algeo of near Pataskala, and Mr. and Mrs. Lovet Myers. The table was bountifully spread with good things to eat. Mrs. Rastorfer was also the recipient of many nice presents, and the day was enjoyed by all present, in a social way. All wishing that Mrs. Rastorfer might still have many more happy birthday anniversaries.

Mr. and Mrs. Willes Showers entertained friends to dinner Sunday. Mrs. Yona Cleveland spent a couple of days in Columbus last week. Mr. and Mrs. Lane and children of Columbus spent Sunday at the home of William Schenck. The ladies aid of the U. B. church will serve a chicken supper on next Saturday evening, November 25. Mrs. Mary Clifton spent last Thursday in Columbus. Born to Earl Weaver and wife last Friday, a son. Mr. and Mrs. Hail Emswiler and children of Columbus spent Sunday with relatives here. Mr. and Mrs. Samsel entertained relatives to dinner Sunday.

## ST. LOUISVILLE

The 2nd number of the lecture course was held at the Church of Christ Monday evening, Nov. 20. Mrs. Peter Sparks is spending a couple of weeks with her daughter Mrs. Raymond Hatcher, in Detroit. Miss T. A. Neillinger is improving nicely at this writing after an operation at the hospital a week ago. Mrs. Anna Hays spent her vacation at Home, Pa. and wife over Sunday. Miss Mildred Hawke and Lillian McCall attended the ball game at Granite Saturday. The Bohemian Lodge of Newark will be at St. Louisville next Saturday evening. The ball game of the week of which fourteen members are to be shown their the Mysteries of the Bohemian Lodge.

Hopkins listened in while Paris talked to Arlington by wireless. The wireless phone will never become popular with the ladies.

A man said to a little girl: "Who was that gentleman you were talking to?" "Why, that was no gentleman," she replied, "that was papa."

## The Courts

**To Sell Joint Ditch.**  
 The Coad joint county ditch along the Delaware and Licking county line will be sold at the door of the Delaware county court house Saturday afternoon at one o'clock. Licking county will be represented by one of the officials.

**Petition Dismissed.**  
 The Humphrey ditch petition which was before the county commissioners yesterday was dismissed by those officials at the request of the petitioner, the latter agreeing to pay all costs and take the ditch over themselves at the assessments found by the county officials. The proposed ditch is located in Hartford township.

**Common Pleas Notes.**  
 In the case of William H. Kent, guardian, vs. Fred Evans, et al., a suit in partition. A writ of partition has been assured and appraisal made. Upon motion, Merrill E. Mead, cashier of the Pataskala Bank Co., and Wm. H. Mead, Sr., were made parties defendant, with leave to answer in five days. State of Ohio vs. Thomas Watson, indicted for obtaining money under false pretenses; six cases; plea of guilty entered; fined \$10 and 30 days in jail in each case. Sentence suspended as long as defendant observes the laws of the State, and to pay back the money, and costs. Isaac N. Hone vs. Laura Hone, decree of divorce granted plaintiff.

**Marriage Licenses.**  
 Beni L. Varner, a clerk, and Miss Agnes W. Mullen, a telephone operator, both of this city. John Untied, a painter, and Miss Ida Krous, both of this city. Frank Luffe, a glass worker, and Miss Amelia Sime natives of Italy, now residing in this city. Rev. B. M. O'Boylan.

# Begin Now To Select Christmas Gifts

Have you stopped to think you have only 25 days in which to do your Christmas shopping? The Thanksgiving holiday, which usually marks the opening of the Christmas season, comes one week late this year. This would make Christmas shopping time short, so in order to assist you and give you ample time, we are placing all holiday lines on display now.

## THE QUESTION— “WHAT SHALL I GIVE?”

Can easily be answered, if you look through the thousands of articles we have gathered together and have on display for your inspection and selection. A wonderful collection of merchandise from which to select useful, appropriate and acceptable Christmas gifts. Come in and look around, as many of these choice lines will be closed out in the next couple of weeks and it will be impossible to get duplicates this season.

## YOU CAN SELECT YOUR GIFTS NOW AND HAVE THEM HELD UNTIL CHRISTMAS

By making a small payment on them. This will give you the opportunity of selecting your gifts early, while the stocks are complete.

## THE ARTICLES THAT ARE PLACED IN CHRISTMAS BOXES

Such as fine handkerchiefs, silk hosiery, jewelry, neckwear, fancy linens, kid gloves, men's ties, suspenders, etc., should not be left until the last week, because the supply of boxes will be gone, and we cannot give you a pretty box in which to place your gift.

## THE REAL HOME OF CHRISTMAS SPIRIT IS TOYLAND.

Grown-ups, when they see the round-eyed childish faces, seriously deciding what they want Santa Claus to bring them, cannot help but imbibe the true Christmas spirit. If you have no youngsters of your own, help the children of someone else to enjoy this—the children's season. Bring them in to see the thousands of interesting things to be found here, and share in their pleasure as they tell you what they want Santa to bring them.

## THEN IF YOU'RE NOT READY

To take the toys home, you can make a small deposit on them, and have them held here until Christmas, but above all other Christmas articles that should be selected early, toys are the main item. It will be impossible to get any re-orders on toys, and many of those now in stock will be closed out long before Christmas.

## Hot Water for Sick Headaches

Tells why everyone should drink hot water with phosphate in it before breakfast.

Headache of any kind, is caused by auto-intoxication—which means self-poisoning. Liver and bowel poisons called toxins, sucked into the blood, through the lymph ducts, excite the heart which pumps the blood so fast that it congests in the smaller arteries and veins of the head producing violent, throbbing pain and distress, called headache. You become nervous, despondent, sick, feverish and miserable. Your meals sour and almost nauseate you. Then you resort to acetanilide, aspirin or bromides which temporarily relieve but do not rid the blood of these irritating toxins.

A glass of hot water with a teaspoonful of limestone phosphate in it, drank before breakfast for awhile, will not only wash these poisons from your system and cure you of headache but will cleanse, purify and freshen the entire alimentary canal.

Ask your pharmacist for a quarter pound of limestone phosphate. It is inexpensive, harmless as sugar, and almost tasteless, except for a sourish twinge which is not unpleasant. If you aren't feeling your best, if tongue is coated or you wake up with bad taste, foul breath or have colds, indigestion, biliousness, constipation or sour acid stomach, begin the phosphated hot water cure to rid your system of toxins and poisons. Results are quick and it is claimed that those who continue to flush out the stomach, liver and bowels every morning never have any headache or know a miserable moment.

It takes a philosopher to meet present troubles; any fool can meet those that are past.

## BANK EMPLOYEE CAUSES ARREST OF STRANGERS

Norton S. Suter, bookkeeper at the First National Bank, this morning, caused the arrest of two men, he detected in the act of taking a number of blank checks from one of the wall desks in the lobby of the bank.

The men ran from the bank when Mr. Suter inquired what they were doing to do with the checks, but were arrested a short time later and taken to the patrol station by Officers Jones and Abbott. Chief Sheridan ordered the men held on an investigation charge and they were taken to the city prison.

According to Mr. Suter, he saw the men taking the blank checks and leaving them to be strangers, stopped one of the pair and asked if he had an account with the First National. The man said he had no account in this city, but wanted to write the check on a Chicago bank.

When pressed for further information, the men ran from the bank and along the south side of the square. Mr. Suter pursued and caught one of the men, who said he had never seen the bank employee before. In the meantime, the patrol which had been summoned, arrived on the scene and took the strangers into custody.

At the patrol station one of the men said he was representing a San Francisco newspaper and carried a letter bearing the signature of the general manager of the paper. His companion said he was in the same business. Both gave their names as being in California.

# Women Will Make Plans at Tonight's Meeting to Get Aid for Library and Hospital

The captains of the various teams employed in soliciting the business and professional men for the city hospital and public library to secure their agreement to donate fifty per cent of their interest in the gas escrow fund to those two institutions, were slow today in reporting to Chairman H. D. Woodbridge in his office in the Trust building. Chairman Woodbridge received a number of additional agreements today but has only heard from a few of the captains and is awaiting a fuller report, which will be ready for publication Friday.

The women interested in the same project will hold a meeting this evening in the office of Chairman Woodbridge at 7 o'clock. All who can possibly do so are urged to be present at that hour in room 406, fourth floor. Mrs. W. D. Fulton and Mrs. Grace F. Kennedy will organize the women into teams which will solicit the residential districts of the city. It is urged that there be a big attendance of women at tonight's meeting, as it is the intention to make a thorough canvass.

The hospital and library are in urgent need of funds. The former has a mortgage indebtedness of \$17,500, and it must be paid. Out of the fund secured that amount will be paid first and the remainder will be divided between the hospital and library. No one will be asked to contribute who cannot afford to do so. The committee has estimated that the average amount due each gas consumer, if the court's final decision is favorable, will be about \$30. The consumers are asked to give one-half that sum to the two institutions, which would place the hospital out of debt and place the library upon a firm footing. When the solicitors visit you take these matters into consideration, and your

action in signing the agreement may influence others to do the same. Subscriptions for 100 Per Cent. Dr. Leland Baxter, Frank L. Beggs, Fred C. Evans, J. F. Irwin, Edward Kibler, Sr., The A. L. Norton Co., W. L. Pound, E. C. Wright, Edward Kibler, Jr., Mrs. Grace F. Kennedy.

## HINTS FOR PROGRESSIVE FARMERS

Use Phosphates with Manure. Since phosphorus is carried off the farm in relatively large amounts in grain crops, in the bones of animals, and in milk, soil specialists at the Ohio experiment station recommend the use of acid phosphate or raw phosphate rock to reinforce barnyard manure, if the fertility of the soil is to be maintained. Acid phosphate is more generally recommended, because under average conditions it is more effective and more economical than the raw rock.

Acid phosphate has returned more than three times its cost in crop yields in many tests at the experiment station, even when used in connection with manure. It is ordinarily used at the rate of 40 pounds per ton of manure. The phosphate may be spread over the manure in the shed or yard or mixed with it at the time of hauling. It may also be sprinkled over the stable floor behind the animals, about one pound being used daily per 1000 pounds live weight of the animal. In the latter case it also acts as an absorbent of the liquid manure.

Silage for Dairy Cows. Cows fed a ration composed largely of silage produced 17 per cent more milk and 28 per cent more butterfat than those given a ration consisting mainly of grain in a feeding test conducted for 121 days at the Ohio experiment station. The silage ration was also cheaper for milk production.

The cows gained nearly 8 percent in milk yield when put on the silage ration. They produced butterfat at a cost of 13 cents a pound, while the cost of a pound of milk cows fed mainly grain was 22 cents. There was little difference in the gains in live weight between the two lots. In addition to 53 pounds of silage and 6.3 pounds of hay, the one lot received only 4 pounds of grain consisting of oilmeal and bran. The grain-fed lot received only 12 pounds of corn stover and hay but 13.5 pounds of a grain mixture of oilmeal, cornmeal and bran.

By selling their timber in local markets, woodlot owners often realize much greater profit than they can get from dealers, and at the same time they make good wages for themselves and teams during the winter. In one instance a farmer made nearly twice as much by lumbering himself.

This owner was offered \$4.00 a thousand feet for his standing timber. He sold the lumber in a nearby city, cutting and hauling it himself, and made \$7 a thousand feet, or \$1,200 more than a dealer offered him. In another case, the owner realized \$10 a thousand feet by his own lumbering.

Sugar Beets for Dairy Cows. Sugar beets and mangels tend to increase milk production when fed to dairy cows, but experiments conducted at the Ohio Experiment Station show that corn silage is far more economical to feed. Because of this fact, dairy experts do not advise the feeding of beets except for milk records where cost is a minor consideration, or where the number of cows is too small to permit the use of a silo.

Cows fed beets had keen appetites and ate more food because of the stimulating effects of this root crop. After 10 years' work the Ohio Station has found that two pounds of dry matter can be produced in the form of silage at less cost than one pound in the form of beets. Convenience in feeding is in favor of silage.

Horses Have Tastes. That horses have their peculiar tastes in selecting the most palatable feeds is shown by recent investigations at the Ohio Experiment Station, in which some hay was eaten with great relish while others were only partly consumed. Mixed clover and timothy seemed to satisfy their appetites best, and brome grass was also to their liking. Timothy hay

stood third. None of the horses were fond of tall oat grass, while bluegrass and redtop were also near the bottom of the list of palatable grasses.

State Issues Many Agricultural Bulletins. During the year ended June 30, 1915, the Ohio Experiment station at Wooster published 19 bulletins and circulars aggregating 750 pages, according to the last annual report of the director, just issued as Bulletin 300 from the Station. This Station is the only one in the United States that publishes scientific works in technical bulletins and gives popular information to farmers and city dwellers in a monthly journal. The monthly bulletin was started in January, 1916.

Last year more than 80,000 persons in all counties of Ohio and in all states of the Union received the publications of the Ohio Station. Federal statistics for 1915 show this mailing list was the largest of all experiment stations.

## State Corn Show.

Three hundred dollars in cash will feature among the awards to the winners in the 27 classes offered in the ninth annual Ohio State Corn Show to be held at the Ohio State University during Farmers' Week, January 29, to February 2, 1917. Two silver cups will also be included among the prizes.

The state is divided into four divisions with separate classes in each. The best ears of corn in each division will then be entered for the grand champion sweepstakes prize a trophy cup awarded by "The National Stockman and Farmer."

Besides the corn classes there will be others in wheat, oats, rye, barley and soybeans along with clover and timothy seed. For the first time in the history of the show, potatoes will be displayed. Five classes are open to exhibitors of tubers.

Another large trophy cup will be awarded by the Ohio State Grange to the grange securing the greater number of points made as awards to individual exhibitors from the respective granges. All the 722 granges in Ohio are eligible to compete.

C. A. Gearhart, Wooster, Ohio, is secretary and general manager of the show.

Cut Living Costs. That the high cost of living may be reduced by the increased use of milk, a highly nutritious and digestible food, is the opinion of A. E. Perkins, dairy chemist at the Ohio experiment station. He says that a quart of milk is equal in food value to three-fourths of a pound of beefsteak, eight eggs, 15 pounds of oysters, two pounds of fish, six pounds of tomatoes or three pounds of apples, and the milk is more easily digested and far more economical than any of the other foods.

One erroneous conception the public has, this chemist declares, is that cream contains in concentrated form most of the valuable material present in the milk from which the cream was taken. Because of this fact the cream is usually sold for as much as the original milk, while the skim-milk, which contains about half of the food material, is fed to animals or thrown away. He has shown that in fact cream is a luxury and that milk is much cheaper and more nutritious. Digestive disorders sometimes follow excessive eating of fats, which is another argument besides cost against the substitution of cream for milk.

Protein is the most expensive ingredient in foods, being especially costly in meats. It is exceptionally abundant in milk. For this reason milk is said to be a suitable food to balance a diet rich in starches, sugars and fat, such as would result from the use of only cereals, fruits and vegetables. At ordinary prices Chemist Perkins has figured that skim-milk at 16 cents a quart would be a more economical food than meat.

## SNOW AND ICE HINDER TROOPS IN RUMANIA

(ASSOCIATED PRESS TELEGRAM) Berlin, Nov. 23. (Wireless to Sayville).—The difficulties of campaigning in mountainous districts on the Rumanian-Transylvanian border through which the Austro-German armies have been pushing in their invasion of Rumania are depicted today in an Overseas News Agency review of the recent fighting.

Recently bitter cold has prevailed in the hill regions where the fighting zone at some points has been at an elevation as great as 7,500 feet and the narrow pass roads have been blocked with snow and ice. At certain places where the invading columns were advancing there was but one such road available for the troops and all the heavy equipment of artillery and supplies needed to press the offensive, with only carts and automobiles as a means of transportation.

Despite these difficulties and the tenacious resistance of the Rumanians, who are declared in the review to have been aided by civilians in guerrilla warfare, the Austro-German armies stormed height after height and steadily forced their way forward. In eight days General Von Falkenhayn's forces striking down towards Craiova advanced not less than 55 miles.

## THREE MEALS FOR 39 CENTS; CUPID WITH DIET SQUAD.

(ASSOCIATED PRESS TELEGRAM) Chicago, Nov. 23.—The single blessedness of some of the women members of the diet squad of the Chicago health department may be menaced because of their experiment. This was indicated today when the fact that two of the squad had received proposals of marriage, was revealed.

The twelve dieters began the second day of the two weeks' race against the high cost of living with a breakfast of apples, rolled oats, hot biscuits and coffee. All of them expressed themselves as well satisfied with the food and individual weight, with two exceptions showed a slight increase.

Estimates today indicated that it cost less than thirty-nine cents a person to feed the squad its first three meals instead of forty cents, as anticipated. Miss Lillian Kemp, in charge of the menu-making, said that this price may be lowered by using the leftovers and that hash probably will make its appearance on the table before the week is ended. It is probable, she added, that the average price a person for the two weeks' period may be ten cents a meal.

## ENGLAND PRESSES CAMPAIGN TO STOP ANTI-WAR MOVEMENT.

(ASSOCIATED PRESS TELEGRAM) London, Nov. 23.—The Morning papers attach the greatest importance to the program just announced of addresses in the various cities in Great Britain by leading members of the cabinet. It is stated that the addresses are intended to gain the support of the public for a more vigorous prosecution of the war and thus combat the anti-war propaganda in industrial circles. It is believed that Premier Asquith, Lloyd George, Bonar Law and Reginald McKenna will participate in a joint meeting of the Unionist and Liberal war committees along the same line and that probably both parties will take official action in support of the campaign.
